### Trademark

#### Description:

Red and white. The mark consists of a red triangle shaped logo and a stylized wording "AKINON" in red color. The triangle shaped logo represents the A letter of the wording "AKINON". There is a white colored "O" shape inside the triangle, looking like a donut which is located a bit far from the center of the triangle, i.e. closer to the right side of it. Therefore, it looks like it lost a part of it. White background is not a part of the trademark.

#### Disclaimer:

The Trademarks and Intellectual Works Department  
announces the publication of  
Representation of the Mark

International Trademark Registration

No.: 1695102

Date: 2022/08/26

Holder's Name:

ILIIN Ivan

Holder's Address:

Str. Dumitru Calos nr. 62, ap. 9, Varni?a MD-6539 Anenii Noi  
(MD)

Class(es) :

Goods and Services:

9~35~38~41~42

9 - Coils, electric; particle accelerators; reflective articles for wear, for the prevention of accidents; protection devices for personal use against accidents; clothing for protection against accidents, irradiation and fire; batteries, electric, for vehicles / accumulators, electric, for vehicles; battery jars / accumulator jars; battery boxes / accumulator boxes; acidimeters for batteries; hydrometers; plates for batteries; whistle alarms; acoustic alarms / sound alarms; acoustic

## الإمارات العربية المتحدة وزارة الاقتصاد

conduits; phonograph records / sound recording discs; speaking tubes; actinometers; adding machines; aerometers; enlarging apparatus [photography]; electro-dynamic apparatus for the remote control of railway points; magnets; electromagnetic coils; air analysis apparatus; alarms\*; alcoholmeters; alidades; food analysis apparatus; igniting apparatus, electric, for igniting at a distance / electric apparatus for remote ignition; ignition batteries; altimeters; asbestos gloves for protection against accidents; asbestos clothing for protection against fire; ammeters; amplifiers; amplifying tubes / amplifying valves; anemometers; calibrating rings; fire extinguishers; anodes; anode batteries / high tension batteries; aerials / antennas; anti-glare glasses; visors for helmets; anti-interference devices [electricity]; transformers [electricity]; apertometers [optics]; money counting and sorting machines; distribution boxes [electricity]; surveying instruments; surveying chains; lenses for astrophotography; thermionic valves / thermionic tubes; audiovisual teaching apparatus; juke boxes, musical / coin-operated musical automata [juke boxes]; mechanisms for coin-operated apparatus; mechanisms for counter-operated apparatus; calipers; comparators; fire alarms; automatic indicators of low pressure in vehicle tyres / automatic indicators of low pressure in vehicle tires; protective suits for aviators; alarm bells, electric; rods for water diviners; life-saving rafts; scales; meteorological balloons; demagnetizing apparatus for magnetic tapes; tape recorders; magnetic tapes; barometers; weighing machines; weighbridges; fire beaters; chargers for electric accumulators; betatrons; ticket dispensers; cabinets for loudspeakers; close-up lenses; terminals [electricity]; pressure indicator plugs for valves; galvanometers; push buttons for bells; branch boxes [electricity]; tone arms for

## الإمارات العربية المتحدة وزارة الاقتصاد

record players; spirit levels; punched card machines for offices; sheaths for electric cables; frames for photographic transparencies; circular slide rules; slide-rules; calculating machines; slide calipers; jigs [measuring instruments]; blueprint apparatus; cinematographic cameras; capillary tubes for laboratory use; sound recording carriers; protective helmets; respiratory masks, other than for artificial respiration; solderers' helmets; spectacle chains / eyeglass chains; heat regulating apparatus; darkrooms [photography]; boiler control instruments; drying racks [photography]; apparatus for editing cinematographic film; printed circuits; flashing lights [luminous signals]; signal bells; containers for microscope slides; collectors, electric; electric installations for the remote control of industrial operations; switchboxes [electricity]; commutators; marine compasses; eyepieces; thread counters; pedometers; counters / meters; metronomes; condensers [capacitors] / capacitors; conductors, electric; electricity conduits; circuit closers; connectors [electricity]; junction boxes [electricity]; switchboards; contacts, electric; apparatus to check franking / apparatus to check stamping mail; regulating apparatus, electric; monitoring apparatus, other than for medical purposes; speed checking apparatus for vehicles; converters, electric; photocopiers [photographic, electrostatic, thermic]; spectacle cords / eyeglass cords; retorts; retorts' stands; correcting lenses [optics]; objectives [lenses] [optics]; cosmographic instruments; diving suits; electric apparatus for commutation; switches, electric; limiters [electricity]; electric plugs; current rectifiers; cell switches [electricity] / reducers [electricity]; dressmakers' measures; crucibles [laboratory] / cupels [laboratory]; appliances for measuring the thickness of leather; cyclotrons; counterfeit coin detectors; shutter releases [photography]; densimeters;

## الإمارات العربية المتحدة وزارة الاقتصاد

animated cartoons; laboratory trays; metal detectors for industrial or military purposes; sonars; detectors; shutters [photography]; diaphragms [acoustics]; centering apparatus for photographic transparencies; cameras [photography]; transparencies [photography] / slides [photography]; slide projectors / transparency projection apparatus; distance measuring apparatus; dictating machines; diffraction apparatus [microscopy]; loudspeakers; circuit breakers; record players; microscopes; distance recording apparatus / apparatus for recording distance; range finders / telemeters; distribution boards [electricity]; distribution consoles [electricity]; compasses for measuring; measures; measuring apparatus; dynamometers; water level indicators; fire escapes; flash-bulbs [photography]; telephone receivers; fluorescent screens; projection screens; workmen's protective face-shields; screens [photography]; drainers for use in photography / photographic racks; electric loss indicators; measuring devices, electric; cables, electric; ducts [electricity]; control panels [electricity]; galvanic cells; connections for electric lines; couplings, electric / connections, electric; relays, electric; transmitters of electronic signals; transmitting sets [telecommunication]; cleaning apparatus for phonograph records / cleaning apparatus for sound recording discs; sound recording strips; mileage recorders for vehicles / kilometer recorders for vehicles; spools [photography]; mechanical signs; epidiascopes; test tubes; balancing apparatus; thermostats; ergometers; material testing instruments and machines; egg-candlers; gauges; petrol gauges / gasoline gauges; spark-guards; cases especially made for photographic apparatus and instruments; testing apparatus not for medical purposes; refractometers; exposure meters [light meters]; invoicing machines; fermentation apparatus for laboratory

## الإمارات العربية المتحدة وزارة الاقتصاد

use; railway traffic safety appliances; wires, electric; magnetic wires; plumb bobs; plumb lines; nets for protection against accidents; safety nets / life nets; safety tarpaulins; film cutting apparatus; filters for respiratory masks; filters for use in photography; battery chargers; high-frequency apparatus; frequency meters; fuses; radios; galena crystals [detectors]; galvanic batteries; gloves for protection against accidents; gloves for divers; gloves for protection against X-rays for industrial purposes; gas testing instruments; gasometers [measuring instruments]; surveying apparatus and instruments; levelling staffs [surveying instruments] / rods [surveying instruments]; drying apparatus for photographic prints; glazing apparatus for photographic prints; rulers [measuring instruments]; measuring glassware / graduated glassware; screens for photoengraving; grids for batteries; clothing for protection against fire / garments for protection against fire; audio- and video-receivers; heliographic apparatus; holograms; hygrometers; identification threads for electric wires; identification sheaths for electric wires; life-saving apparatus and equipment; fire hose nozzles; fire engines; fire pumps; slope indicators / clinometers / gradient indicators / inclinometers; taximeters; quantity indicators; vacuum gauges; speed indicators; inductors [electricity]; armatures [electricity]; data processing apparatus; mirrors for inspecting work; intercommunication apparatus; carriers for dark plates [photography]; inverters [electricity]; ionization apparatus not for the treatment of air or water; peepholes [magnifying lenses] for doors; hemline markers; furniture especially made for laboratories; lactodensimeters; lactometers; darkroom lamps [photography]; optical lanterns / optical lamps; magic lanterns; signal lanterns; lasers, not for medical purposes; optical lenses; letter scales;

## الإمارات العربية المتحدة وزارة الاقتصاد

logs [measuring instruments]; sounding lines; magnifying glasses [optics]; signs, luminous; neon signs; spectacles / eyeglasses; instruments containing eyepieces; surveyors' levels; spectacle lenses / eyeglass lenses; eyewear; pressure gauges / manometers; periscopes; protective masks, not for medical purposes; mathematical instruments; coin-operated mechanisms for television sets; megaphones; computer memory devices; carpenters' rules; mercury levels; speed measuring apparatus [photography]; precision measuring apparatus; measuring instruments; meteorological instruments; rules [measuring instruments]; micrometer screws for optical instruments; microphones; microtomes; time switches, automatic; mirrors [optics]; breathing apparatus for underwater swimming; nautical apparatus and instruments; naval signalling apparatus; navigational instruments; spectacle frames / eyeglass frames; batteries, electric; accumulators, electric; levels [instruments for determining the horizontal]; levelling instruments; prisms [optics]; observation instruments; octants; ohmmeters; wavemeters; optical apparatus and instruments; optical glass; computers; computer programs, recorded; oscillographs; oxygen transvasing apparatus; ozonisers [ozonators]; micrometers / micrometer gauges; signalling panels, luminous or mechanical; lightning conductors / lightning arresters / lightning rods; parking meters; apparatus and instruments for astronomy; apparatus for measuring the thickness of skins; acid hydrometers; weighing apparatus and instruments; salinometers; washing trays [photography]; stands for photographic apparatus; viewfinders, photographic; photometers; phototelegraphy apparatus; apparatus and instruments for physics; steering apparatus, automatic, for vehicles; pince-nez; laboratory pipettes; plane tables [surveying instruments]; planimeters;

## الإمارات العربية المتحدة وزارة الاقتصاد

ear plugs for divers; bells [warning devices]; weights; polarimeters; radiotelephony sets; radiotelegraphy sets; pressure measuring apparatus; pressure indicators; projection apparatus; cathodic anti-corrosion apparatus; teeth protectors\*; pyrometers; radar apparatus; vehicle radios; radiological apparatus for industrial purposes; protractors [measuring instruments]; apparatus and installations for the production of X-rays, not for medical purposes; X-ray tubes not for medical purposes; protection devices against X-rays, not for medical purposes; telephone apparatus; refractors; X-ray apparatus not for medical purposes; spectroscopes; resistances, electric; thermometers, not for medical purposes; respirators for filtering air; breathing apparatus, except for artificial respiration; rheostats; balances [steelyards] / lever scales [steelyards] / steelyards [lever scales]; signals, luminous or mechanical; saccharometers; probes for scientific purposes; satellites for scientific purposes; diaphragms for scientific apparatus; teaching apparatus; choking coils [impedance]; wire connectors [electricity]; locks, electric; sextants; signalling whistles; vehicle breakdown warning triangles; electro-dynamic apparatus for the remote control of signals; simulators for the steering and control of vehicles; sirens; sound transmitting apparatus; sound recording apparatus; sound reproduction apparatus; sounding apparatus and machines; sounding leads; sound locating instruments; spectrograph apparatus; spherometers; stereoscopes; stereoscopic apparatus; needles for record players / styli for record players; sulfimeters; teleprinters / teletypewriters; tachometers; screw-tapping gauges; telegraphs [apparatus]; television apparatus; telegraph wires; remote control apparatus\*; masts for wireless aerials; teleprompters; telephone transmitters; telerupters; binoculars; telescopes;

## الإمارات العربية المتحدة وزارة الاقتصاد

temperature indicators; time recording apparatus; theodolites; thermostats for vehicles; totalizers; revolution counters; speed regulators for record players; transmitters [telecommunication]; precision balances; marking gauges [joinery]; vacuum tubes [radio]; urinometers; variometers; verniers; videotapes; viscosimeters; theft prevention installations, electric; voltage regulators for vehicles; voting machines; voltmeters; apparatus for changing record player needles; stills for laboratory experiments; fuse wire; anticathodes; dog whistles; sighting telescopes for firearms / telescopic sights for firearms; anti-theft warning apparatus; azimuth instruments; beacons, luminous; holders for electric coils; films, exposed; road signs, luminous or mechanical; life buoys; signalling buoys; buzzers; directional compasses; fog signals, non-explosive; cash registers; radiology screens for industrial purposes; identity cards, magnetic; photovoltaic cells; densitometers; disks, magnetic; floppy disks; head cleaning tapes [recording]; video recorders; computer keyboards; integrated circuits; semi-conductors; chips [integrated circuits]; cathodes; life jackets; life belts; chemistry apparatus and instruments; cinematographic film, exposed; materials for electricity mains [wires, cables]; contact lenses; containers for contact lenses; incubators for bacteria culture; solar batteries; copper wire, insulated; discharge tubes, electric, other than for lighting / electric discharge tubes, other than for lighting; diaphragms [photography]; distillation apparatus for scientific purposes; dosage dispensers / dosimeters; electric door bells; spectacle cases / eyeglass cases; furnaces for laboratory use / ovens for laboratory use; optical fibres [light conducting filaments] / optical fibers [light conducting filaments]; telephone wires; X-ray films, exposed; filters for ultraviolet rays, for photography; horns for loudspeakers; tripods for

## الإمارات العربية المتحدة وزارة الاقتصاد

cameras; bar code readers; bullet-proof vests / bullet-proof waistcoats; marking buoys; wafers for integrated circuits; chromatography apparatus for laboratory use; chronographs [time recording apparatus]; compact discs [audio-video]; compact discs [read-only memory]; computer operating programs, recorded; computer peripheral devices; computer software, recorded; optical condensers; acoustic couplers; couplers [data processing equipment]; decompression chambers; plotters; divers' masks; electronic pens [visual display units]; encoded magnetic cards; facsimile machines; fire boats; interfaces for computers; juke boxes for computers; knee-pads for workers; light dimmers [regulators], electric / light regulators [dimmers], electric; magnetic data media; magnetic encoders; magnetic tape units for computers; microprocessors; modems; monitors [computer hardware]; monitors [computer programs]; mouse [computer peripheral]; optical character readers; optical data media; optical discs; printers for use with computers\*; processors [central processing units] / central processing units [processors]; readers [data processing equipment]; safety restraints, other than for vehicle seats and sports equipment; scanners [data processing equipment]; smoke detectors; transistors [electronic]; X-ray photographs, other than for medical purposes; junction sleeves for electric cables; abacuses; electronic agendas; answering machines; camcorders; cassette players; compact disc players; diagnostic apparatus, not for medical purposes; disk drives for computers; electrified rails for mounting spot lights; electronic pocket translators; electronic tags for goods; fire blankets; flashlights [photography]; integrated circuit cards [smart cards] / smart cards [integrated circuit cards]; measuring spoons; notebook computers; electronic notice boards; pocket calculators; shoes for protection

## الإمارات العربية المتحدة وزارة الاقتصاد

against accidents, irradiation and fire; sprinkler systems for fire protection; starter cables for motors; sunglasses; time clocks [time recording devices]; video cassettes; video game cartridges; video screens; video telephones; goggles for sports; nose clips for divers and swimmers; protective helmets for sports; electronic publications, downloadable; computer programs, downloadable; navigation apparatus for vehicles [on-board computers]; decorative magnets; cordless telephones; mouse pads; personal stereos; wrist rests for use with computers; coaxial cables; fibre optic cables / fiber optic cables; covers for electric outlets; marine depth finders; electrified fences; computer game software, recorded; headphones; lighting ballasts; radio pagers; satellite navigational apparatus; solenoid valves [electromagnetic switches]; voltage surge protectors; walkie-talkies; wind socks for indicating wind direction; light-emitting electronic pointers; resuscitation mannequins [teaching apparatus]; stage lighting regulators; egg timers [sandglasses] / hourglasses; DNA chips; DVD players; automated teller machines [ATM]; traffic-light apparatus [signalling devices]; hands-free kits for telephones; asbestos screens for firemen; riding helmets; clothing especially made for laboratories; encoded identification bracelets, magnetic; transponders; downloadable ring tones for mobile phones; downloadable music files; downloadable image files; crash test dummies; laboratory centrifuges; printed circuit boards; USB flash drives; Global Positioning System [GPS] apparatus; portable media players; cell phone straps; light-emitting diodes [LED]; triodes; step-up transformers; laptop computers; fire hose; bags adapted for laptops; sleeves for laptops; digital photo frames; Petri dishes; pitot tubes; stroboscopes; traffic cones; temperature indicator labels, not for medical purposes; computer software applications,

## الإمارات العربية المتحدة وزارة الاقتصاد

downloadable; electronic book readers; smartphones; toner cartridges, unfilled, for printers and photocopiers; baby monitors; video baby monitors; lens hoods; tablet computers; encoded key cards; 3D spectacles; memory cards for video game machines; bullet-proof clothing; accelerometers; electrical adapters; life-saving capsules for natural disasters; computer hardware; solar panels for the production of electricity; mobile telephones / cell phones / cellular phones; telescopic sights for artillery; digital signs; wearable activity trackers; chargers for electronic cigarettes; connected bracelets [measuring instruments]; covers for smartphones; cases for smartphones; selfie sticks [hand-held monopods]; calorimeters; flowmeters; reflective safety vests; electronic collars to train animals; joysticks for use with computers, other than for video games; smartglasses; smartwatches; fire extinguishing apparatus; protective films adapted for computer screens; mouth guards for sports; head guards for sports; needles for surveying compasses; security tokens [encryption devices]; infrared detectors; covers for personal digital assistants [PDAs]; baby scales; electronic access control systems for interlocking doors; thermal imaging cameras; scales with body mass analysers / scales with body mass analyzers; covers for tablet computers; black boxes [data recorders]; digital weather stations; charging stations for electric vehicles; interactive touch screen terminals; smart rings; electric and electronic effects units for musical instruments; audio interfaces; equalizers [audio apparatus] / equalisers [audio apparatus]; subwoofers; bathroom scales; thermo-hygrometers; biochips; protective films adapted for smartphones; virtual reality headsets; electronic interactive whiteboards; humanoid robots with artificial intelligence for use in scientific research; audio mixers; batteries for electronic

## الإمارات العربية المتحدة وزارة الاقتصاد

cigarettes; electronic key fobs being remote control apparatus; electronic sheet music, downloadable; T-squares for measuring; squares for measuring; square rulers for measuring; electronic numeric displays; laboratory robots; teaching robots; security surveillance robots; personal digital assistants [PDAs]; computer software platforms, recorded or downloadable; satellite finder meters; ring sizers; finger sizers; thin client computers; rearview cameras for vehicles; hand-held electronic dictionaries; resuscitation training simulators; electric wire harnesses for automobiles; snorkels; sports whistles; computer screen saver software, recorded or downloadable; selfie lenses; downloadable graphics for mobile phones; telecommunication apparatus in the form of jewellery; wearable computers; wearable video display monitors; magnetic resonance imaging [MRI] apparatus, not for medical purposes; rescue laser signalling flares; ink cartridges, unfilled, for printers and photocopiers; wah-wah pedals; height measuring instruments; hairdressing training heads [teaching apparatus]; devices for the projection of virtual keyboards; survival blankets; lifeboats; nanoparticle size analysers / nanoparticle size analyzers; ear pads for headphones; data gloves; trackballs [computer peripherals]; downloadable emoticons for mobile phones; telepresence robots; climate control digital thermostats; piezoelectric sensors; organic light-emitting diodes [OLED]; quantum dot light-emitting diodes [QLED]; droppers for measuring, other than for medical or household purposes; electric sockets; computer game software, downloadable; rescue flares, non-explosive and non-pyrotechnic; stands adapted for laptops; headgear being protective helmets; padlocks, electronic; weight belts for divers; earpieces for remote communication; parking sensors for vehicles; ticket printers; body harnesses for support when lifting loads;

## الإمارات العربية المتحدة وزارة الاقتصاد

animal signalling rattles for directing livestock; video projectors; downloadable cryptographic keys for receiving and spending crypto assets; downloadable e-wallets; credit card terminals; biometric passports / e-passports; biometric identity cards; home automation hubs / smart home hubs; data sets, recorded or downloadable; head-up display apparatus for vehicles; smart speakers; biometric locks; fire-extinguishing balls; wearable speakers; portable ultrafine dust meters; foldable smartphones; flash lamps for smartphones; 3D scanners; thin film speakers; wireless speaker microphones; scanners [apparatus] for performing automotive diagnostics; haptic suits, other than for medical purposes; selfie ring lights for smartphones; mobile phone chargers; mobile phone screen protectors; warning signs [luminous]; safety signs [luminous]; mobile phone ring holders; mobile phone ring stands; headsets; headsets for playing video games; downloadable computer software for managing cryptocurrency transactions using blockchain technology; electrolysis apparatus for laboratory use; apparatus for generating gas for calibration purposes; apparatus for testing breast milk, other than for medical or veterinary use; portable power chargers; amplifiers for servo motors; electronic controllers for servo motors; quantum computers; musical instrument digital interface controllers being audio interfaces; bioreactors for laboratory use; bioreactors for cell culturing for scientific research; holders adapted for mobile telephones and smartphones; in-car telephone handset cradles; head-mounted displays; wireless portable printers for use with laptops and mobile devices; spectacles for correcting colour blindness / spectacles for correcting color blindness / colour blindness correction glasses / color blindness correction glasses; contact lens cases incorporating ultrasonic cleaning functions; airbags for

## الإمارات العربية المتحدة وزارة الاقتصاد

safety purposes for fall protection; neural helmets, not for medical purposes; portable speakers; breathalyzers; cooling pads for laptop computers; internal cooling fans for computers; effects pedals for guitars; software as a medical device [SaMD], downloadable; evacuation chairs; dashboard mats adapted for holding mobile telephones and smartphones; controllers for servo motors; dust masks incorporating air purification; electric actuators; electric linear actuators.~35 - Business management assistance; business inquiries; bill-posting; import-export agency services; commercial information agency services; cost price analysis; dissemination of advertising matter; photocopying services; employment agency services; office machines and equipment rental\*; book-keeping / accounting; drawing up of statements of accounts; business auditing; business management and organization consultancy; personnel management consultancy; business management consultancy; typing; demonstration of goods; direct mail advertising; commercial or industrial management assistance; updating of advertising material; distribution of samples; business efficiency expert services; auctioneering; market studies; business appraisals; business investigations; publicity material rental; business organization consultancy; publication of publicity texts; advertising / publicity; radio advertising; business research; public relations; shorthand; television advertising; transcription of communications [office functions]; shop window dressing; advertising agency services / publicity agency services; advisory services for business management; modelling for advertising or sales promotion; marketing research; computerized file management; professional business consultancy; economic forecasting; organization of exhibitions for commercial or advertising purposes; providing business information;

## الإمارات العربية المتحدة وزارة الاقتصاد

opinion polling; payroll preparation; personnel recruitment; administrative services for the relocation of businesses; rental of advertising space; sales promotion for others; secretarial services; tax preparation; telephone answering for unavailable subscribers; word processing; arranging newspaper subscriptions for others; advertising by mail order; business management of hotels; business management of performing artists; compilation of information into computer databases; systemization of information into computer databases; organization of trade fairs; rental of photocopying machines; online advertising on a computer network; procurement services for others [purchasing goods and services for other businesses]; data search in computer files for others; rental of advertising time on communication media; news clipping services; rental of vending machines; psychological testing for the selection of personnel; price comparison services; presentation of goods on communication media, for retail purposes; providing commercial information and advice for consumers in the choice of products and services; arranging subscriptions to telecommunication services for others; administrative processing of purchase orders; commercial administration of the licensing of the goods and services of others; outsourcing services [business assistance]; invoicing; writing of publicity texts; compilation of statistics; layout services for advertising purposes; sponsorship search; organization of fashion shows for promotional purposes; production of advertising films; business management of sports people; marketing; telemarketing services; retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies; rental of sales stands; providing commercial and business contact information; search engine optimization for sales promotion / search engine

## الإمارات العربية المتحدة وزارة الاقتصاد

optimisation for sales promotion; website traffic optimization / website traffic optimisation; pay per click advertising; commercial intermediation services; business management for freelance service providers; negotiation and conclusion of commercial transactions for third parties; updating and maintenance of data in computer databases; business project management services for construction projects; providing business information via a website; provision of an online marketplace for buyers and sellers of goods and services; development of advertising concepts; outsourced administrative management for companies; tax filing services; business management of reimbursement programmes for others / business management of reimbursement programs for others; rental of billboards [advertising boards]; writing of curriculum vitae for others / writing of résumés for others; web indexing for commercial or advertising purposes; administration of frequent flyer programs; appointment scheduling services [office functions]; appointment reminder services [office functions]; administration of consumer loyalty programs; scriptwriting for advertising purposes; registration of written communications and data; updating and maintenance of information in registries; compiling indexes of information for commercial or advertising purposes; business intermediary services relating to the matching of potential private investors with entrepreneurs needing funding; production of teleshopping programmes / production of teleshopping programs; consultancy regarding public relations communication strategies; consultancy regarding advertising communication strategies; negotiation of business contracts for others; promotion of goods and services through sponsorship of sports events; competitive intelligence services; market intelligence services; financial

auditing; online retail services for downloadable digital music; online retail services for downloadable ring tones; online retail services for downloadable and pre-recorded music and movies; wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; gift registry services; targeted marketing; interim business management; outdoor advertising; retail services for works of art provided by art galleries; administrative assistance in responding to calls for tenders / administrative assistance in responding to requests for proposals [RFPs]; marketing in the framework of software publishing; media relations services; corporate communications services; rental of office equipment in co-working facilities; commercial lobbying services; providing user reviews for commercial or advertising purposes; providing user rankings for commercial or advertising purposes / providing user ratings for commercial or advertising purposes; telephone switchboard services; retail services relating to bakery products; consumer profiling for commercial or marketing purposes; administrative services for medical referrals; business consulting services for digital transformation; business intermediary services relating to the matching of various professionals with clients; reception services for visitors [office functions]; preparation of business profitability studies; providing telephone directory information; arranging subscriptions to electronic toll collection [ETC] services for others; conducting of commercial events; data processing services [office functions]; rental of cash registers; lead generation services; computerized management of medical records and files; online ordering services in the field of restaurant take-out and delivery; advertising services to create brand identity for others; promotion of goods through influencers; influencer

## الإمارات العربية المتحدة وزارة الاقتصاد

marketing.~38 - Radio broadcasting; message sending; television broadcasting; transmission of telegrams; telegraph services; communications by telegrams; telephone services; communications by telephone; telex services; news agency services; cable television broadcasting; communications by cellular phones; communications by computer terminals; computer aided transmission of messages and images; transmission of electronic mail; facsimile transmission; providing information in the field of telecommunications; paging services [radio, telephone or other means of electronic communication]; rental of message sending apparatus; communications by fibre optic networks / communications by fiber optic networks; rental of facsimile apparatus; rental of modems; rental of telecommunication equipment; rental of telephones; satellite transmission; electronic bulletin board services [telecommunications services]; providing telecommunications connections to a global computer network; telecommunications routing and junction services; teleconferencing services; providing user access to global computer networks; rental of access time to global computer networks; providing telecommunication channels for teleshopping services; providing internet chatrooms; providing access to databases; voice mail services; transmission of greeting cards online; transmission of digital files; wireless broadcasting; videoconferencing services; providing online forums; streaming of data; radio communications; video-on-demand transmission; transmission of podcasts; rental of smartphones; geolocation services [telecommunications services].~41 - Academies [education]; amusement park services; entertainment services; animal training; rental of cinematographic apparatus; entertainer services; movie studio services; presentation of circus performances;

## الإمارات العربية المتحدة وزارة الاقتصاد

organization of competitions [education or entertainment]; correspondence courses; physical education; rental of show scenery; providing recreation facilities; radio entertainment; publication of texts, other than publicity texts; teaching / educational services / instruction services; rental of sound recordings; rental of motion pictures; film production, other than advertising films; gymnastic instruction; lending library services; publication of books; rental of radio and television sets; production of radio and television programmes; presentation of variety shows; orchestra services; theatre productions; production of shows; television entertainment; rental of stage scenery; zoological garden services; providing sports facilities; modelling for artists; mobile library services / bookmobile services; providing casino facilities; arranging and conducting of colloquiums; arranging and conducting of conferences; arranging and conducting of congresses; discotheque services; providing information in the field of education; educational examination; providing information in the field of entertainment; organization of exhibitions for cultural or educational purposes; gambling services; providing golf facilities; health club services [health and fitness training]; holiday camp services [entertainment]; presentation of live performances; cinema presentations / movie theatre presentations; nursery schools; organization of sports competitions; party planning [entertainment]; practical training [demonstration]; providing museum facilities; recording studio services; providing information relating to recreational activities; rental of skin diving equipment; rental of sports equipment, except vehicles; rental of stadium facilities; rental of video cassette recorders; rental of videotapes; arranging and conducting of seminars; sport camp services; arranging and conducting of symposiums; timing of sports events; boarding school

## الإمارات العربية المتحدة وزارة الاقتصاد

education; arranging and conducting of workshops [training]; arranging of beauty contests; booking of seats for shows; dubbing; religious education; organization of lotteries; organization of balls; organization of shows [impresario services]; providing amusement arcade services; rental of audio equipment; rental of lighting apparatus for theatrical sets or television studios; rental of tennis courts; rental of video cameras / rental of camcorders; scriptwriting, other than for advertising purposes; videotape editing; online publication of electronic books and journals; electronic desktop publishing; subtitling; game services provided online from a computer network; karaoke services; music composition services; nightclub services [entertainment]; providing online electronic publications, not downloadable; photographic reporting; photography; vocational guidance [education or training advice]; news reporters services; translation; sign language interpretation; videotaping; microfilming; ticket agency services [entertainment]; writing of texts\*; arranging and conducting of concerts; calligraphy services; layout services, other than for advertising purposes; organization of fashion shows for entertainment purposes; coaching [training]; rental of sports grounds; disc jockey services; language interpretation; personal trainer services [fitness training]; conducting fitness classes; vocational retraining; production of music; toy rental; games equipment rental; educational services provided by schools; providing online music, not downloadable; providing online videos, not downloadable; tutoring; arranging and conducting of in-person educational forums; songwriting; screenplay writing; conducting guided tours; training services provided via simulators; providing films, not downloadable, via video-on-demand services; providing television programmes, not downloadable, via

## الإمارات العربية المتحدة وزارة الاقتصاد

video-on-demand services / providing television programs, not downloadable, via video-on-demand services; sado instruction [tea ceremony instruction]; aikido instruction; rental of artwork; rental of indoor aquaria; conducting guided climbing tours; organization of cosplay entertainment events; cultural, educational or entertainment services provided by art galleries; film distribution; know-how transfer [training]; educational services provided by special needs assistants; judo instruction; educational examination for users to qualify to pilot drones; sound engineering services for events; video editing services for events; lighting technician services for events; film directing, other than advertising films; providing user reviews for entertainment or cultural purposes; providing user rankings for entertainment or cultural purposes / providing user ratings for entertainment or cultural purposes; rental of training simulators; physical fitness assessment services for training purposes; face painting; organization of electronic sports competitions; directing of shows; e-sports services; games library services; multimedia library services; photographic imaging services by drone; video imaging services by drone; transfer of business knowledge and know-how [training]; educational certification services, namely, providing training and educational examination; research in the field of education; rental of electronic book readers; organization of entertainment events; arranging and conducting of sports events; music education; captioning; conducting of entertainment events; escape room [entertainment] / escape game [entertainment]; presenting museum exhibitions; production of podcasts; rental of movie props.~42 - Chemical analysis; analysis for oil-field exploitation; architectural services; bacteriological research;

## الإمارات العربية المتحدة وزارة الاقتصاد

chemistry services; chemical research; architectural consultancy; construction drafting; technological research; oil-well testing; cosmetic research; interior decor; industrial design; packaging design; material testing; conducting technical project studies; geological surveys; oil-field surveys; engineering; meteorological information; land surveying; computer rental; computer programming; oil prospecting; research in the field of physics; mechanical research; textile testing; geological prospecting; geological research; authenticating works of art; calibration [measuring]; computer software design; updating of computer software; consultancy in the design and development of computer hardware; dress designing; graphic arts design; quality control; rental of computer software; research and development of new products for others; styling [industrial design]; underwater exploration; recovery of computer data; maintenance of computer software; computer system analysis; biological research; urban planning; surveying; computer system design; vehicle roadworthiness testing; duplication of computer programs; conversion of data or documents from physical to electronic media; creating and maintaining websites for others; hosting computer websites; installation of computer software; cloud seeding; conversion of computer programs and data, other than physical conversion; computer software consultancy; rental of web servers; computer virus protection services; consultancy in the field of energy-saving; research in the field of environmental protection; providing search engines for the internet; digitization of documents [scanning]; handwriting analysis [graphology]; providing scientific information, advice and consultancy relating to carbon offsetting; quality evaluation of standing timber; quality evaluation of wool; monitoring of computer systems by

## الإمارات العربية المتحدة وزارة الاقتصاد

remote access; water analysis; scientific laboratory services; energy auditing; website design consultancy; software as a service [SaaS]; information technology [IT] consultancy; scientific research; server hosting; clinical trials; off-site data backup; electronic data storage; providing information relating to computer technology and programming via a website; cartography services; providing virtual computer systems through cloud computing; information technology services provided on an outsourcing basis; technological consultancy; computer technology consultancy; telecommunications technology consultancy; weather forecasting; computer security consultancy; technical writing; interior design; unlocking of mobile phones; monitoring of computer systems to detect breakdowns; creating and designing website-based indexes of information for others [information technology services]; internet security consultancy; data security consultancy; data encryption services; monitoring of computer systems for detecting unauthorized access or data breach; electronic monitoring of personally identifying information to detect identity theft via the internet; electronic monitoring of credit card activity to detect fraud via the internet; software development in the framework of software publishing; platform as a service [PaaS]; development of computer platforms; business card design; scientific and technological research in the field of natural disasters; exploration services in the field of the oil, gas and mining industries; scientific and technological research relating to patent mapping; research in the field of building construction; research in the field of telecommunications technology; research in the field of welding; medical research; graphic design of promotional materials; rental of meters for the recording of energy consumption; user authentication services using technology

## الإمارات العربية المتحدة وزارة الاقتصاد

for e-commerce transactions; user authentication services using single sign-on technology for online software applications; writing of computer code; telecommunication network security consultancy; design of costumes; design of show scenery; design of prototypes; design of computer-simulated models; cartographic or thermographic measurement services by drone; cryptocurrency mining / cryptomining; research in the field of excavation; computer graphic design for video projection mapping; digital forensic investigations in the field of computer crimes; technological consulting services for digital transformation; rental of data centre facilities; providing geographic information; providing online geographic maps, not downloadable; artificial intelligence consultancy; research in the field of artificial intelligence technology; user authentication services using blockchain technology; geotechnical investigations; geological test drilling; development of video and computer games; quantum computing; culturing of cells for scientific research purposes; computer programming services for data processing; software engineering services for data processing; logo design services; golf course design.

## الإمارات العربية المتحدة وزارة الاقتصاد

portals as communication services; audio, video and multimedia broadcasting via the Internet and other communication networks; electronic transmission of data by computers in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for providing access to the related content; consulting services in the field of communications services, namely, electronic transmission of data and documents among users of computers via communication networks; wireless broadband communication services using computer networks in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for providing access to the related content; data transmission by electronic means; electronic transmission of data by video broadcasting services; electronic data transmission, including audiovisual data, via a global computer network or the Internet; electronic communication services by electronic computer terminals in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for providing access to the related content; data transmission via electronic communication in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for providing access to the related content; electronic data exchange, namely, exchange of data stored in databases accessible via telecommunication networks in the field of gambling, betting, wagering,

lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for providing access to the related content; electronic messaging services in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for providing access to the related content; electronic messaging services via computers in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for providing access to the related content; rental of access time to computer databases; video and audio material streaming services on the Internet; electronic transmission and dissemination of data, including information, via computer networks and the Internet in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for providing access to the related content; electronic transmission of data, audio, video and multimedia files, including transmission of downloadable files and files transmitted over a global computer network; transmission of information in real time; transmission (routing) of audio, images and digital signals.~41 - Videotaping for tournaments, competitions, game shows, events in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; booking of seats for shows; sound engineering services for tournaments, competitions, game shows, events in the field of gambling, betting, wagering, lotteries, casinos, card

## الإمارات العربية المتحدة وزارة الاقتصاد

games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; organization of tournaments, competitions, game shows, events in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; party planning as entertainment; video editing services for tournaments, competitions, game shows, events in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; lighting technician services for tournaments, competitions, game shows, events in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; music composition services for tournaments, competitions, game shows, events in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; film directing, other than advertising films, in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for providing access to the related content; production of tournaments, competitions, game shows, events in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; film production, other than advertising films, in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the

## الإمارات العربية المتحدة وزارة الاقتصاد

player and other games of chance, including for providing access to the related content; scriptwriting, other than for advertising purposes, for arranging tournaments, competitions, game shows, events in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; presentation of live performances for tournaments, competitions, game shows, events in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; rental of audio equipment for tournaments, competitions, game shows, events in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; rental of show scenery for tournaments, competitions, game shows, events in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; rental of sports equipment, except vehicles, for tournaments, competitions, game shows, events in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; online publication of electronic books and journals, in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for providing access to the related content; publication of texts, other than publicity texts, in the field of gambling, betting, wagering, lotteries, casinos, card games,

educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for providing access to the related content; electronic desktop publishing; providing user reviews for entertainment or cultural purposes; providing information in the field of entertainment; providing online videos in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, non-downloadable; providing sports facilities; practical training as demonstration in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; training services in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, provided via simulators; games equipment rental; rental of sports training simulators; providing casino facilities for the services of gambling, betting, wagering, lotteries, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; gambling services; electronic game services provided online from a computer network; providing amusement arcade services; providing information in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for providing access to the related content; organization of competitions in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance,

including for providing access to the related content live or via television, or online via computer databases, or via the Internet, or via portable, mobile, handheld or tablet devices; organization of lotteries, including live or via television, or online via computer databases, or via the Internet, or via portable, mobile, handheld or tablet devices; organization of sports competitions, including live or via television, or online via computer databases, or via the Internet, or via portable, mobile, handheld or tablet devices; layout services, other than for advertising purposes; online gambling services provided via a computer network; virtual reality gaming services provided online from a computer network; providing online and offline gaming services for accepting bets; providing online and offline card game services; providing online and offline poker game services; providing online and offline game services, where the result depends on the mastery, skill of the player; providing online and offline game services for the control of entertainment games, in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for tournaments, competitions, game shows, events and for providing access to the related content; arranging, conducting and presenting, other than for commercial or advertising purposes, of tournaments, competitions, game shows, and other entertainment events in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, live or via television, or online via computer databases, or via the Internet, or via portable, mobile, handheld or tablet devices; multiplayer card game services provided live or via television, or online via computer

## الإمارات العربية المتحدة وزارة الاقتصاد

databases, or via the Internet, or via portable, mobile, handheld or tablet devices; organization and conducting entertainment presentations; providing the aforesaid services online via computer databases, or via the Internet, or via portable, mobile, handheld or tablet devices; providing online game services for electronic games provided via the Internet; providing online and offline card game services for several participants.~42 - Computer system analysis in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; off-site data backup in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; research and development of new products for others in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for tournaments, competitions, game shows, events and for providing access to the related content; duplication of computer programs; electronic data storage; electronic monitoring of personally identifying information to detect identity theft via the Internet; providing information relating to computer technology and programming via a website; installation of a computer software; information technology services provided on an outsourcing basis; computer programming; conversion of computer programs and data, other than physical conversion; computer technology consultancy; telecommunications technology consultancy; Internet security consultancy; data security consultancy; information technology (IT) consultancy; computer software consultancy;

## الإمارات العربية المتحدة وزارة الاقتصاد

computer security consultancy; consultancy in the design of websites in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems to detect breakdowns; monitoring of computer systems by remote access to detect breakdowns; maintenance of computer software; updating of computer software; platform as a service (PaaS) featuring computer software platforms for use in database management; user authentication services using technology for e-commerce transactions; user authentication services using single sign-on technology for online software applications; hosting computer web sites; data encryption services; computer system design; rental of web servers; computer rental; rental of computer software; development of computer platforms in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; software development in the framework of software publishing in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; creating and maintaining websites for others in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; creating and designing website-based indexes of information for others using information technology services in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends

## الإمارات العربية المتحدة وزارة الاقتصاد

on mastery, skill of the player and other games of chance;  
cloud computing featuring software for use in database  
management; server hosting; computer system  
administration of user accounts in computer networks;  
computer-aided videographic design; development of  
software in accordance with the individual needs of the  
client in the field of gambling, betting, wagering, lotteries,  
casinos, card games, educational games, games, where the  
result depends on mastery, skill of the player and other  
games of chance; technical data analysis; development of  
interactive multimedia software; development of software  
for data conversion and conversion of multimedia content  
into various protocols; design and development of software  
for gambling, betting, wagering, lotteries, casinos, card  
games, educational games, games, where the result depends  
on mastery, skill of the player and other games of chance,  
including for virtual reality; leasing of computer hardware;  
software development of Internet platforms in the field of  
gambling, betting, wagering, lotteries, casinos, card games,  
educational games, games, where the result depends on  
mastery, skill of the player and other games of chance;  
development and design of computer software for video  
games; testing of computer hardware and software;  
providing temporary use of online non-downloadable  
software for access and operation in cloud computing  
environments; software as a service (SaaS), namely, a web  
platform that provides software for viewing, detecting,  
searching, configuring content, managing and exploring  
content in the field of gambling, betting, wagering, lotteries,  
casinos, card games, educational games, games, where the  
result depends on mastery, skill of the player and other  
games of chance; providing temporary use of non-  
downloadable computer software for computer games and

الإمارات العربية المتحدة  
وزارة الاقتصاد

gambling; providing temporary use of non-downloadable game software; research, development and design of computer software for a computer platform that includes one or more applications that contain functional and graphical elements in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance; application service providers (ASP), namely, hosting computer software applications of others for creating, using, managing, monitoring and supervising online gaming and gambling portals, contests and tournaments, and for managing customer relationships and customer accounts; providing temporary use of non-downloadable software for creating, using, managing, monitoring and supervising on-line gaming, betting and gambling portals, contests and tournaments, and for management of customer relationship and customer accounts.

Trademark

Bronze, dark bronze, grey and dark brown.

software; software for locating, recovering and receiving text, electronic documents, graphic illustrations and audiovisual information on company-scale internal computer networks and on local, wide-area and global computer networks; software for developing and software for designing websites and user manuals, in electronic format, sold as a set; computer software for controlling the operations and execution of computer systems, programs and computer networks; computer software for connecting disparate computer networks and systems, servers and storage devices; computer programs for linking computers together and for enabling computer activities across a global computer network; computer software for managing systems, software and processes existing within an information technology environment; computer systems combining computer hardware and software for use in management and analysis of data and instruction manuals in electronic format sold with these products; cloud computing systems, namely networks integrating computer hardware and software for dynamic provisioning, virtualization and consumption metering of computer resources; recorded and downloadable cloud-computing software for deploying and managing virtual machines to a cloud computing platform; computer systems, namely, computer hardware and computer software for developing and integrating artificial intelligence, namely, machine learning, deep learning and natural language processing which are capable of collecting, organizing and analyzing data; computer systems, namely computer hardware and computer software that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) functions and capable of understanding general human queries and formulating responses; software

## الإمارات العربية المتحدة وزارة الاقتصاد

for development, construction and operation of blockchain technology applications; computer hardware and computer software for developing and testing quantum algorithms; documentation and instruction manuals recorded on electronic data media that can be operated by machine and concerning computers or computer programs; electronic publications; electronic publications on computer media, namely, user manuals, guide books, brochures, information sheets, written presentations and teaching materials in the field of computing, computer networks, computer storage, computer operating systems, information technology, database management, cloud computing, artificial intelligence, blockchain technology and quantum computing.~16 - Instructional and teaching material (except apparatus); printed publications and documentation concerning computers and computer programs; handbooks [manuals]; printed publications; books; magazines; periodicals; newspapers; printed matter; printed matter relating to computer equipment, software and related services; manuals, brochures, magazines, newsletters, newspaper inserts, booklets, all in the fields of software, computers, computer system hardware, network hardware, telecommunications, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing and quantum programming, word processing, database management, multimedia, entertainment equipment and e-commerce.~35 - Advertising; sales promotion services (for third parties); commercial business management and advice regarding commercial business management; business information; distribution of prospectuses; distribution of samples; arranging newspaper subscriptions for others; accounting; document reproduction; systematization of data in a central

file; organization of exhibitions for commercial or advertising purposes; company management consulting services and commercial business consulting services; commercial business development service; market study statistic and data analysis; computer data processing services; computer data processing services for artificial intelligence; computer data processing services for cognitive computing; computer data processing services for cloud computing; computer data processing services for blockchain technology; computer data processing services for data management; computer data processing services for quantum computing and quantum programming; setting up and conducting commercial exhibitions in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management and electronic business transactions via a global computer network; business consulting services for companies regarding artificial intelligence; business consulting services for companies regarding computer systems that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) functions and capable of understanding general human queries and formulating responses; business consulting services for companies relating to cloud computing; business consulting services for companies regarding blockchain technology; business consulting services for companies regarding quantum computing, quantum programming and for developing and testing quantum algorithms; business consulting services for companies regarding information technology; analyzing and compiling business data; systemization of data in computer databases.~41 - Education; training; organization and conducting of conferences, seminars and congresses;

organization of exhibitions for cultural or educational purposes; sporting and cultural activities; educational services, namely organization and conducting of classes, seminars, conferences, webinars and workshops in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, image and audio processing technology, global computer and telecommunication networks; training in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, image and audio processing technology, global computer and telecommunication networks; conducting entertainment exhibitions in the nature of information technology demonstrations; entertainment services, namely, online computer game services; conducting entertainment exhibitions, namely, real-time athletic competitions via a global computer network; conducting entertainment exhibitions, namely, providing demonstrations on web-sites featuring museum exhibitions, sporting events, art gallery exhibitions, concerts, and musical recordings; editing of books and journals; conducting of exhibitions for cultural or educational purposes; booking of seats for shows.~42 - Computer programming; Software as a Service (SaaS) services featuring software for data management; software as a service (SaaS) services featuring software for cloud computing; software as a service (SaaS) services featuring software for artificial intelligence; software as a service (SaaS) services featuring software for cognitive computing; software as a service (SaaS) services featuring software for blockchain technology; software as a service (SaaS) services featuring software for quantum computing and quantum

programming; software as a service (SaaS) services featuring software for constructing, analyzing and running quantum programs and quantum algorithms; software as a service (SaaS) services featuring software for developing and testing quantum algorithms; computer programming and computer consulting services for artificial intelligence; computer programming and computer consulting services for cognitive computing; computer programming and computer consulting services for information management; computer programming and computer consulting services for data management; computer programming and computer consulting services for cloud computing; computer programming and computer consulting services for blockchain technology; computer programming and computer consulting services for quantum computing; computer programming and computer consulting services for software as a service (SaaS); design, installation, updating and maintenance of software; design of computer software and hardware for third parties and consulting services in the field of computers; technical support services, namely, solving problems with computer software and programs; computer services, namely, design, creation and maintenance of websites for third parties; analysis of computer systems, integration of computer networks and databases, computer programming for third parties, all relating to commercial interactions on global computer networks; design of computer and software interconnection systems, namely, electronic interconnection of computers and software; testing of computer programs (software) and computer hardware (quality control and technical control); technical project studies in the field of computer hardware and software; computer consulting in connection with computer hardware, namely consulting in computer

## الإمارات العربية المتحدة وزارة الاقتصاد

research and development; computer advice and assistance concerning Internet use; rental of computers and software; scientific and industrial research, namely research and development of new products, biological research, bacteriological research, chemical research, cosmetology research, mechanical research, geological research, technical research, pharmaceutical research, scientific research for medical purposes; information technology services; computer system integration services; consulting services in the field of design, selection, implementation and use of computer and software systems for third parties; technical support services, namely, diagnosing problems with computer hardware and computer programs; computer system design services for others; design of systems for interconnection of computers and computer programs, namely, integration of computer systems and computer networks; computer program and computer hardware testing services, namely testing of software, computers and servers to ensure proper functioning thereof; cloud computing services, namely, network integrated computer hardware and software services for dynamic provisioning, virtualization and consumption metering of computer resources; providing virtual computer systems and virtual computer environments through cloud computing; design and development of software for cloud storage of data; cloud computing hosting provider services; electronic data storage and data recovery services; data security service; computer support services rendered by computer specialists; design of computer hardware for computer networks; technical support services, namely, troubleshooting computer hardware problems.

magnetic tapes, printed circuits, integrated circuits, computer keyboards, compact discs (audio-video), optical disks, couplers (data processing), floppy disks, magnetic data media; computer hardware, namely, video screens, scanners, computer printers, interfaces (data processing), readers (data processing), software (recorded programs), microprocessors, modems, monitors (hardware), computers, computer memories, computer peripherals; computer adapters; computer components; data processing equipment; computer equipment for data and information management; semiconductors; machine-readable electronic data media; magnetic disks; hard disk drives; tape recorders; calculating machines; cash registers; facsimile machines; video recorders; videotapes; electric cells and electric batteries; computer chips; boards for integrated circuits; computer accessories, namely, computer communication servers; computer carrying cases; interface cards for computers; computer cables and computer cable parts; fax modem cards for computers; computer accessories, namely, screen filters, computer mouse pads, pagers, computer controllers; electric converters, namely, digital-to-analog, analog-to-digital and step-by-step voltage steppers; computer mice; integrated circuit cards and smart cards, adapters for integrated circuits and adapters for smart cards; readers for integrated circuit cards and smart cards; microcomputers; electric power supply apparatus; projectors (projection apparatus); remote controllers for computers; inverters, surge protectors and uninterruptible power supplies; point-of-sale terminals; computer servers; computer storage devices, namely high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunication network; recorded and downloadable computer programs and software; video

## الإمارات العربية المتحدة وزارة الاقتصاد

game software; operating system software and programs; software for accessing a global computer network; document management software; database management software; software for locating, recovering and receiving text, electronic documents, graphic illustrations and audiovisual information on company-scale internal computer networks and on local, wide-area and global computer networks; software for developing and software for designing websites and user manuals, in electronic format, sold as a set; computer software for controlling the operations and execution of computer systems, programs and computer networks; computer software for connecting disparate computer networks and systems, servers and storage devices; computer programs for linking computers together and for enabling computer activities across a global computer network; computer software for managing systems, software and processes existing within an information technology environment; computer systems combining computer hardware and software for use in management and analysis of data and instruction manuals in electronic format sold with these products; cloud computing systems, namely networks integrating computer hardware and software for dynamic provisioning, virtualization and consumption metering of computer resources; recorded and downloadable cloud-computing software for deploying and managing virtual machines to a cloud computing platform; computer systems, namely, computer hardware and computer software for developing and integrating artificial intelligence, namely, machine learning, deep learning and natural language processing which are capable of collecting, organizing and analyzing data; computer systems, namely computer hardware and computer software that integrate Natural Language Processing (NLP), Computational

## الإمارات العربية المتحدة وزارة الاقتصاد

Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) functions and capable of understanding general human queries and formulating responses; software for development, construction and operation of blockchain technology applications; computer hardware and computer software for developing and testing quantum algorithms; documentation and instruction manuals recorded on electronic data media that can be operated by machine and concerning computers or computer programs; electronic publications; electronic publications on computer media, namely, user manuals, guide books, brochures, information sheets, written presentations and teaching materials in the field of computing, computer networks, computer storage, computer operating systems, information technology, database management, cloud computing, artificial intelligence, blockchain technology and quantum computing.~35 - Advertising; sales promotion services (for third parties); commercial business management and advice regarding commercial business management; business information; distribution of prospectuses; distribution of samples; arranging newspaper subscriptions for others; accounting; document reproduction; systematization of data in a central file; organization of exhibitions for commercial or advertising purposes; company management consulting services and commercial business consulting services; commercial business development service; market study statistic and data analysis; computer data processing services; computer data processing services for artificial intelligence; computer data processing services for cognitive computing; computer data processing services for cloud computing; computer data processing services for blockchain technology; computer data processing services for data management; computer data processing services for

quantum computing and quantum programming; setting up and conducting commercial exhibitions in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management and electronic business transactions via a global computer network; business consulting services for companies regarding artificial intelligence; business consulting services for companies regarding computer systems that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) functions and capable of understanding general human queries and formulating responses; business consulting services for companies relating to cloud computing; business consulting services for companies regarding blockchain technology; business consulting services for companies regarding quantum computing, quantum programming and for developing and testing quantum algorithms; business consulting services for companies regarding information technology; analyzing and compiling business data; systemization of data in computer databases.~42 - Computer programming; Software as a Service (SaaS) services featuring software for data management; software as a service (SaaS) services featuring software for cloud computing; software as a service (SaaS) services featuring software for artificial intelligence; software as a service (SaaS) services featuring software for cognitive computing; software as a service (SaaS) services featuring software for blockchain technology; software as a service (SaaS) services featuring software for quantum computing and quantum programming; software as a service (SaaS) services featuring software for constructing, analyzing and running quantum programs and quantum algorithms;

## الإمارات العربية المتحدة وزارة الاقتصاد

software as a service (SaaS) services featuring software for developing and testing quantum algorithms; computer programming and computer consulting services for artificial intelligence; computer programming and computer consulting services for cognitive computing; computer programming and computer consulting services for information management; computer programming and computer consulting services for data management; computer programming and computer consulting services for cloud computing; computer programming and computer consulting services for blockchain technology; computer programming and computer consulting services for quantum computing; computer programming and computer consulting services for software as a service (SaaS); design, installation, updating and maintenance of software; design of computer software and hardware for third parties and consulting services in the field of computers; technical support services, namely, solving problems with computer software and programs; computer services, namely, design, creation and maintenance of websites for third parties; analysis of computer systems, integration of computer networks and databases, computer programming for third parties, all relating to commercial interactions on global computer networks; design of computer and software interconnection systems, namely, electronic interconnection of computers and software; testing of computer programs (software) and computer hardware (quality control and technical control); technical project studies in the field of computer hardware and software; computer consulting in connection with computer hardware, namely consulting in computer research and development; computer advice and assistance concerning Internet use; rental of computers and software; scientific and industrial research, namely research

## الإمارات العربية المتحدة وزارة الاقتصاد

and development of new products, biological research, bacteriological research, chemical research, cosmetology research, mechanical research, geological research, technical research, pharmaceutical research, scientific research for medical purposes; information technology services; computer system integration services; consulting services in the field of design, selection, implementation and use of computer and software systems for third parties; technical support services, namely, diagnosing problems with computer hardware and computer programs; computer system design services for others; design of systems for interconnection of computers and computer programs, namely, integration of computer systems and computer networks; computer program and computer hardware testing services, namely testing of software, computers and servers to ensure proper functioning thereof; cloud computing services, namely, network integrated computer hardware and software services for dynamic provisioning, virtualization and consumption metering of computer resources; providing virtual computer systems and virtual computer environments through cloud computing; design and development of software for cloud storage of data; cloud computing hosting provider services; electronic data storage and data recovery services; data security service; computer support services rendered by computer specialists; design of computer hardware for computer networks; technical support services, namely, troubleshooting computer hardware problems.

media; computer hardware, namely, video screens, scanners, computer printers, interfaces (data processing), readers (data processing), software (recorded programs), microprocessors, modems, monitors (hardware), computers, computer memories, computer peripherals; computer adapters; computer components; data processing equipment; computer equipment for data and information management; semiconductors; machine-readable electronic data media; magnetic disks; hard disk drives; tape recorders; calculating machines; cash registers; facsimile machines; video recorders; videotapes; electric cells and electric batteries; computer chips; boards for integrated circuits; computer accessories, namely, computer communication servers; computer carrying cases; interface cards for computers; computer cables and computer cable parts; fax modem cards for computers; computer accessories, namely, screen filters, computer mouse pads, pagers, computer controllers; electric converters, namely, digital-to-analog, analog-to-digital and step-by-step voltage steppers; computer mice; integrated circuit cards and smart cards, adapters for integrated circuits and adapters for smart cards; readers for integrated circuit cards and smart cards; microcomputers; electric power supply apparatus; projectors (projection apparatus); remote controllers for computers; inverters, surge protectors and uninterruptible power supplies; point-of-sale terminals; computer servers; computer storage devices, namely high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunication network; recorded and downloadable computer programs and software; video game software; operating system programs and software; software for accessing a global computer network; document management software; database management

## الإمارات العربية المتحدة وزارة الاقتصاد

software; software for locating, recovering and receiving text, electronic documents, graphic illustrations and audiovisual information on company-scale internal computer networks and on local, wide-area and global computer networks; software for developing and software for designing websites and user manuals, in electronic format, sold as a set; computer software for controlling the operation and running of computer systems, programs, and computer networks; computer software for connecting disparate computer networks and systems, diverse servers and storage apparatus; computer programs for connecting computers together and for enabling computer activities across a global computer network; computer software for managing systems, software and processes existing in an information technology environment; computer systems combining hardware and software for use in managing and analyzing data and instruction manuals in electronic format sold with these products; cloud computing systems, namely, networks integrating computer hardware and software for dynamic provisioning, virtualization, and consumption metering of computer resources; downloadable and recorded cloud computing software for deploying and managing virtual machines on a cloud computing platform; computer systems, namely, computer hardware and computer software for developing and integrating artificial intelligence, namely, machine learning, deep learning, and natural language processing which are capable of collecting, organizing and analyzing data; computer systems, namely computer hardware and computer software that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) and capable of understanding general human queries and formulating responses; software for developing,

## الإمارات العربية المتحدة وزارة الاقتصاد

building, and operating block chain technology applications; computer hardware and computer software for developing and testing quantum algorithms; documentation and instruction manuals recorded on electronic data media that can be operated by machine and concerning computers or computer programs; electronic publications; electronic publications on computer media, namely, user manuals, guide books, brochure material, information sheets, written presentations and teaching materials in the field of computing, computer networks, computer storage, computer operating systems, information technology, database management, cloud computing, artificial intelligence, blockchain technology and quantum computing.~35 - Advertising; sales promotion services (for third parties); commercial business management and advice regarding commercial business management; business information; distribution of prospectuses; distribution of samples; arranging newspaper subscriptions for others; accounting; document reproduction; systematization of data in a central file; organization of exhibitions for commercial or advertising purposes; company management consulting services and commercial business consulting services; commercial business development service; market study statistic and data analysis; computer data processing services; computer data processing services for artificial intelligence; computer data processing services for cognitive computing; computer data processing services for cloud computing; computer data processing services for blockchain technology; computer data processing services for information management; computer data processing services for quantum computing and quantum programming; setting up and conducting commercial exhibitions in the field of computers, computer services,

information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management and electronic business transactions via a global computer network; business consulting services for companies regarding artificial intelligence; business consulting services for companies with respect to computer systems that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) and capable of understanding general human queries and formulating responses; business consulting services for companies relating to cloud computing; business consulting services for companies regarding blockchain technology; business consulting services for companies regarding quantum computing, quantum programming and for developing and testing quantum algorithms; business consulting services for companies regarding information technology; analyzing and compiling business data; systemization of data in computer databases.~42 - Computer programming; Software as a Service (SaaS) services featuring software for data management; software as a service (SaaS) services featuring software for cloud computing; software as a service (SaaS) services featuring software for artificial intelligence; software as a service (SaaS) services featuring software for cognitive computing; software as a service (SaaS) services featuring software for blockchain technology; software as a service (SaaS) services featuring software for quantum computing and quantum programming; software as a service (SaaS) services featuring software for constructing, analyzing and running quantum programs and quantum algorithms; software as a service (SaaS) services featuring software for developing and testing quantum algorithms; computer programming and computer advisory services for artificial

intelligence; computer programming and computer advisory services for cognitive computing; computer programming and computer advisory services for information management; computer programming and computer consulting services for data management; computer programming and computer consulting services for cloud computing; computer programming and computer consulting services for blockchain technology; computer programming and computer advisory services for quantum computing; computer programming and computer consulting services for software as a service (SaaS); design, installation, updating and maintenance of software; design of computer software and hardware for third parties and consulting services in the field of computers; technical support services, namely, solving problems with computer software and programs; computer services, namely, design, creation and maintenance of websites for third parties; analysis of computer systems, integration of computer networks and databases, computer programming for third parties, all relating to commercial interactions on global computer networks; design of systems for interconnection of computer hardware and software, namely, electronic interconnection of computers and software; testing of computer programs (software) and computer hardware (quality control and technical control); technical project studies in the field of computer hardware and software; computer consulting in connection with computer hardware, namely consulting in computer research and development; computer advice and assistance concerning Internet use; rental of computers and software; scientific and industrial research, namely research and development of new products, biological research, bacteriological research, chemical research, cosmetology research, mechanical

## الإمارات العربية المتحدة وزارة الاقتصاد

research, geological research, technical research, pharmaceutical research, scientific research for medical purposes; information technology services; computer system integration services; advisory services relating to the design, selection, implementation and use of computer systems and software for others; technical support services, namely, diagnosing problems with computer hardware and computer programs; computer system design services for others; design of interconnection systems for computers and computer programs, namely, integration of computer systems and computer networks; testing of computer programs and computer hardware, namely, testing of software, computers and servers to ensure proper functioning; cloud computing services, namely, integrated computer hardware and network software services for dynamic provisioning, virtualization, and consumption metering of computer resources; providing virtual computer systems and virtual computer environments through cloud computing; design and development of software for cloud storage of data; cloud computing hosting provider services; electronic data storage and data recovery services; data security service; computer support services rendered by computer specialists; design of computer hardware for computer networks; technical support services, namely troubleshooting of computer hardware problems.
