efficient assignment of manned and autonomous assets and resources on a mining site; computer software for vehicle fleet management, including for the management of fleets of autonomous or semi-autonomous vehicles; vehicle tracking apparatus, including in relation to fleets of autonomous or semi-autonomous vehicles; computer software for monitoring, optimising, and regulating the storage and discharge of stored energy to and from batteries and electric cells; application software for monitoring the electric charge and status of vehicles and machines powered by batteries and electric cells; downloadable and recorded computer software for monitoring energy consumption; downloadable and recorded application software for controlling and monitoring energy and utility systems, energy production plants, iron and steel production plants, cement and concrete production plants, hydrogen production plants and ammonia production plants; computer hardware, computer software and computer firmware for use in the fields of battery management/control and energy

## الإمارات العربية المتحدة وزارة الاقتصاد

storage; computer software to enable users to capture, record, monitor, display, transmit, process and/or analyse information and data relating to energy storage and battery performance; computer software that enables users to monitor, interpret and/or model information and data relating to energy storage and battery performance; computer software for energy management; humanoid robots with artificial intelligence; electronic memories; electronic databases; computers and computer peripheral devices; computer hardware; electronic control devices; remote control apparatus and instruments; sensors; cameras; apparatus for managing energy supplies; electronic publications; electrolyzers; electric power supply units; electrification systems for land, air, rail and marine vehicles; electric cables; bundles of electric cabling; batteries; electric batteries for powering land, air or water vehicles; battery subpacks; battery chargers, including for vehicles; electric battery chargers; rapid charger units for battery electric equipment; electric batteries; high energy density

## الإمارات العربية المتحدة وزارة الاقتصاد

energy cells; electric charging cables; electric cells; electric control devices for energy management; lithium batteries; battery management systems; energy management systems; power electronics, including inverters, converters, semiconductors; power controllers; power distribution or control machines and apparatus; electrical and electronic monitoring and switching apparatus and systems; thermal management systems for batteries and inverters; mobile and static off board power units; electronic measuring, sensing, recording, signalling and warning apparatus; charging stations for electric vehicles; global positioning system (GPS) devices; photovoltaic cells and modules; electronic digital building automation systems; electronic digital automation installations for measuring building service installations; power units; parts, fittings and accessories for the aforementioned goods.~12 - Vehicles; apparatus for locomotion by land, air or water; land, air, rail and marine vehicles; helicopters; trains; regenerative trains; vehicles for transport of goods by land, air, rail or water; mining vehicles;

## الإمارات العربية المتحدة وزارة الاقتصاد

autonomous vehicles; autonomous trains; mining trucks and carts; mine carts; mine trains; mine cart wheels; autonomous mining trucks, trains and carts; electric engines for land vehicles; electric drives for land vehicles; hydrogen engines for land vehicles; engines for land vehicles using ammonia as a fuel source; traction engines; dump trucks; camera and delivery drones; remote control vehicles (other than toys); accessories for remote control vehicles; remote control drones; accessories for remote control drones; civilian drones; military drones; photography drones; parts, fittings and accessories for the aforementioned goods.~19 - Materials, not of metal, for building and construction; cement; concrete; concrete aggregate; cement and concrete made by renewable energy sources; blended cements and concrete; cement and concrete mixes; premixed cement or concrete; fibre cements; magnesium cement; refractory cement; building and construction materials made of cement or concrete; cement or concrete based mixtures for use in building and construction; cement or concrete

## الإمارات العربية المتحدة وزارة الاقتصاد

based coatings for use in building and construction; cement or concrete based materials for use in building and construction; cement or concrete based wall coatings; cement or concrete blocks; cement for blast furnaces; cement or concrete posts, slabs, blocks, wall components, wall members, tiles, cladding, panels, slopes, piles, plates, posts, sheets, beams, roof panels, roofing, mouldings, architectural products; fireproof cement coating; sheets of fibre cement for use in building; soil stabilising cement for use in agriculture; substances made of cement or concrete for filling and repair of surface defects and flaws; mixtures of cement, sand and stone material; cement or concrete products for use in buildings, gardens, landscaping, roadways, walkways, ponds, pools, water tanks; mortar; grout.~35 - Business research services; business administration; business management; business advice and assistance; business consultancy; business analysis; business information services; compilation and analysis of statistical information; compilation of data

## الإمارات العربية المتحدة وزارة الاقتصاد

about mined material and mined product statistical information; business and administrative services for operating mines including import and export agency services and retail and wholesale of mined materials and products; business and administrative management of mines including import and export agency services and retail and wholesale of mined materials and products; business and administrative management services relating to the production of cement and concrete; business and administrative management of utility networks; business and administrative management services relating to the production of steel and iron; business and administrative management services relating to the production of energy, solar energy, renewable energy, ammonia, hydrogen, electricity, gas, fuel and water; business and administrative management of hydrogen production and generation plants; business and administrative management of ammonia production and generation plants; business and administrative management of solar power plants;
