7~8~9	7 - 3D bioprinters; 3D printers; distribution machines, automatic; welding machines, electric; soldering apparatus, gas-operated; vulcanization apparatus; acetylene cleaning apparatus; apparatus for drawing up beer under pressure; apparatus for aerating water; apparatus for aerating beverages; electrical apparatus for sealing plastics [packaging]; electric arc cutting apparatus; electric arc welding apparatus; electric welding apparatus; inking apparatus for printing machines; soldering apparatus, electric; fittings for engine boilers; expansion tanks [parts of machines]; drums [parts of machines]; reels, mechanical, for flexible hoses; brake shoes other than for vehicles; concrete mixers [machines]; bioreactors for use in manufacturing biopharmaceuticals; reels [parts of machines]; bobbins for weaving looms; harrows; journal boxes [parts of machines]; bulldozers; hoppers [mechanical discharging]; mine borers; truck lifts; rolling mill cylinders; crank shafts; printing rollers for machines; camshafts for vehicle engines; transmission shafts, other than for land vehicles; valves [parts of machines]; fans for motors and engines; saw benches [parts of machines]; winnowers; vibrators [machines] for industrial use; bearings [parts of machines]; water heaters being parts of machines; bellows [parts of machines]; agitators; drilling rigs, floating or non-floating; lawnmowers [machines]; card clothing [parts of carding machines]; nail extractors, electric; emergency power generators; alternators; dynamos; bicycle

dynamos; current generators; generators of electricity; hydraulic controls for machines, motors and engines; exhausts for motors and engines; drilling heads [parts of machines]; drilling bits [parts of machines]; cylinder heads for engines; soldering blow pipes, gas-operated; gas-operated blow torches; raking machines; stalk separators [machines]; sieves [machines or parts of machines]; mud catchers and collectors [machines]; tarring machines; rubber tracks being parts of crawlers on mining machines; rubber tracks being parts of crawlers on snow ploughs; rubber tracks being parts of crawlers on loading-unloading machines and apparatus; rubber tracks being parts of crawlers on agricultural machines; rubber tracks being parts of crawlers on construction machines; hydraulic engines and motors; aeronautical engines; aeroplane engines; engines for air cushion vehicles; compressed air engines; jet engines, other than for land vehicles; engines for boats; driving motors other than for land vehicles; motors, other than for land vehicles; propulsion mechanisms, other than for land vehicles; de-aerators for feedwater; disintegrators; tympans [parts of printing presses]; holding devices for machine tools; turf removing ploughs; pump diaphragms; door closers, hydraulic; door closers, pneumatic; door closers, electric; chisels for machines; jacks [machines]; rack and pinion jacks; moving sidewalks; electric hand drills; crushers for kitchen use, electric; flues for engine boilers; reapers; reapers and binders; millstones; rakes for raking machines; shredders [machines] for industrial use; kitchen grinders, electric; vegetable shredders, electric; injectors for engines; incubators for eggs; tools [parts of machines]; ski edge sharpening tools, electric; hand-held tools, other than hand-operated; agricultural implements other than hand-operated; air condensers; control cables for machines, engines or motors; capstans; mangles; rotary steam presses, portable, for fabrics; ditchers [ploughs]; carburetters; carriages for knitting machines; crankcases for machines, motors and engines; road rollers; pressure valves [parts of machines]; clack valves [parts of machines]; pressure reducers [parts of machines]; cowlings [parts of machines]; machine wheels; freewheels, other than for land vehicles; scale collectors for machine boilers; lasts for shoes [parts of machines]; brake pads, other than for vehicles; piston segments; grease rings [parts of machines]; reapers and threshers; coal-cutting machines;

compressors [machines]; air pumps [garage installations]; compressors for refrigerators; conveyors [machines]; belt conveyors; converters for steel works; condensers [steam] [parts of machines]; aerocondensers; diggers [machines]; rams [machines]; thermic lances [machines]; mechanized livestock feeders; boxes for matrices [printing]; gear boxes, other than for land vehicles; grease boxes [parts of machines]; housings [parts of machines]; harvesting machines; steam engine boilers; coffee grinders, other than hand-operated; taps [parts of machines, engines or motors]; cranes [lifting and hoisting apparatus]; roller bridges; mobile cranes; drain cocks; spray guns for paint; cranks [parts of machines]; potters' wheels; grindstones [parts of machines]; cultivators [machines]; soldering lamps; winches; blades [parts of machines]; ploughshares; belts for conveyors; lubricators [parts of machines]; igniting magnetos; handling machines, automatic [manipulators]; churns; matrices for use in printing; machine fly-wheels; hair clipping machines for animals; blowing machines; knitting machines; galvanizing machines; bending machines; ironing machines; mineworking machines; blowing machines for the compression, exhaustion and transport of gases; blowing machines for the compression, sucking and carrying of grain; net hauling machines [fishing]; electroplating machines; bottle sealing machines; sealing machines for industrial purposes; embossing machines; engraving machines; finishing machines; crushing machines; garbage [waste] disposals; blade sharpening [stropping] machines; earth moving machines; cord making machines; lace making machines; butter machines; cigarette machines for industrial purposes; sausage making machines; stereotype machines; hosiery looms; dyeing machines; bottle washing machines; dishwashers; machines for the application of sizing; bottle filling machines; cheese slicers, electric; racket stringing machines; leather-working machines; dairy machines; glass working machines; tobacco processing machines; corn and grain husking machines; painting machines; oil refining machines; peeling machines; machines for processing plastics; ore treating machines; printing machines for use on sheet metal; brewing machines; whitewashing machines; road sweeping machines [self-propelled]; leather paring machines; machines for generating gas by electrolysis; bitumen making machines; papermaking machines; pasta making machines,

electric; sugar making machines; weeding machines; sifting machines; cinder sifters [machines]; puddling machines; notchers [machine tools]; bread cutting machines; road making machines; railroad constructing machines; machines for the textile industry; rammers [machines]; rail-laying machines; bottle capping machines; bottle stoppering machines; trash compacting machines; vegetable peelers, electric; die-stamping machines; stamping machines; darning machines; milking machines; drainage machines; wrapping machines; grain separators; bookbinding apparatus and machines for industrial purposes; machines and apparatus for cleaning, electric; machines and apparatus for carpet shampooing, electric; machines and apparatus for polishing [electric]; punching machines; riveting machines; kitchen machines, electric; foundry machines; smoothing presses; fleshing machines; flour mill machines; type-setting machines [printing]; hemming machines; grating machines for vegetables; braiding machines; rinsing machines; wringing machines for laundry; cutting machines; steam engines; printing machines; rotary printing presses; industrial inkjet printing machines; compressed air machines; tilling machines for agricultural purposes; apparatus for dressing; spinning frames; filling machines; friezing machines; satinizing machines; agricultural machines; mixing machines; sorting machines for industry; stitching machines; washing machines [laundry]; coin-operated washing machines; laundry washing machines incorporating a drying tumbler; clippers [machines]; looms; kneading machines; typographic machines; type-setting machines [photocomposition]; beating machines; beaters, electric; packaging machines; filtering machines; molding machines; carding machines; sewing machines; typecasting machines; electromechanical machines for chemical industry; labellers [machines]; mills [machines]; mills for household purposes, other than hand-operated; pepper mills, other than hand-operated; centrifugal mills; machine wheelwork; feeders [parts of machines]; transmission mechanisms, other than for land vehicles; forge bellows; mixers [machines]; blenders, electric, for household purposes; vacuum cleaner bags; threshing machines; pneumatic hammers; hammers [parts of machines]; tilt hammers; power hammers; reeling apparatus, mechanical; motorized cultivators; motors for boats; clutches, other than for land vehicles; meat choppers, electric; superchargers;

brake linings, other than for vehicles; guides for machines; suction nozzles for vacuum cleaners; vacuum cleaner attachments for disseminating perfumes and disinfectants; pumps [machines]; pumps [parts of machines, engines or motors]; aerating pumps for aquaria; vacuum pumps [machines]; compressed air pumps; pumps for heating installations; beer pumps; pumps for counter-current swimming; lubricating pumps; self-regulating fuel pumps; fuel dispensing pumps for service stations; centrifugal pumps; hydrogen dispensing pumps for service stations; can openers, electric; knives for mowing machines; chaff cutter blades; knives, electric; knives being parts of machines; shears, electric; scissors, electric; vegetable spiralizers, electric; engine mounts, other than for land vehicles; bearing brackets for machines; spraying machines; axles for machines; steam traps; chucks [parts of machines]; drill chucks [parts of machines]; exhaust manifold for engines; soldering irons, gas-operated; soldering irons, electric; superheaters; gears, other than for land vehicles; reduction gears other than for land vehicles; drilling machines; saws [machines]; chain saws; guns [tools using explosive cartridges]; glue guns, electric; compressed air guns for the extrusion of mastics; carburetter feeders; feeding apparatus for engine boilers; loading ramps; ploughs; pneumatic transporters; pneumatic controls for machines, motors and engines; hangers [parts of machines]; anti-friction bearings for machines; roller bearings; self-oiling bearings; bearings for transmission shafts; ball-bearings; elevators [lifts]; hoists; lifts, other than ski-lifts; pulleys; saw blades [parts of machines]; pistons [parts of machines or engines]; dashpot plungers [parts of machines]; pistons for engines; pistons for cylinders; catalytic converters; torque converters other than for land vehicles; fuel conversion apparatus for internal combustion engines; presses [machines for industrial purposes]; wine presses; fruit presses, electric, for household purposes; fodder presses; basket presses; printing presses; typographic presses; swaging machines; pneumatic or hydraulic linear actuators, other than for land vehicles; pedal drives for sewing machines; portable laser imprinters; cleaning appliances utilizing steam; food processors, electric; springs [parts of machines]; spinning wheels; punches for punching machines; vacuum cleaners; touchless stationary vacuums; tambours for embroidery machines; radiators

[cooling] for motors and engines; sewage pulverizers; air brushes for applying colour; regulators [parts of machines]; pressure regulators [parts of machines]; speed governors for machines, engines and motors; cutting blow pipes, gas-operated; blade holders [parts of machines]; loom shafts; gears for weaving looms; belts for machines; elevator belts; fan belts for motors and engines; dynamo belts; belts for motors and engines; adhesive bands for pulleys; industrial robots; household cleaning and laundry robots with artificial intelligence; 3D printing pens; kick starters for motorcycles; joysticks being parts of machines, other than for game machines; stuffing boxes [parts of machines]; paper feeders [printing]; whisks, electric, for household purposes; sparking plugs for internal combustion engines; glow plugs for diesel engines; brake segments, other than for vehicles; tedding machines; steam/oil separators; cream/milk separators; ball rings for bearings; sowers [machines]; pigs for cleaning pipes; snow ploughs; sheaf-binding machines; shaft couplings [machines]; joints [parts of engines]; juice extractors, electric; chaff cutters; suction cups for milking machines; stands for machines; machine tools; die-cutting and tapping machines; woodworking machines; sharpening machines; bicycle assembling machines; mortising machines; stone working machines; metalworking machines; size adjustment cutting machines for industrial purposes; threading machines; trueing machines; planing machines; lathes [machine tools]; milling machines; metal drawing machines; rolling mills; starters for motors and engines; stators [parts of machines]; glaziers' diamonds [parts of machines]; tables for machines; derricks; slide rests [parts of machines]; spin driers [not heated]; couplings, other than for land vehicles; heat exchangers [parts of machines]; transmissions for machines; boiler tubes [parts of machines]; wind turbines; hydraulic turbines; turbines, other than for land vehicles; turbocompressors; central vacuum cleaning installations; suction machines for industrial purposes; machines for the mineralisation of drinking water; vehicle washing installations; degreasers [machines]; dust exhausting installations for cleaning purposes; sifting installations; pneumatic tube conveyors; dust removing installations for cleaning purposes; condensing installations; floating production, storage and offloading [FPSO] units; pneumatic waste oil drainers; lifting apparatus; air suction machines;

dividing machines; igniting devices for internal combustion engines; window closers, hydraulic; window closers, pneumatic; window closers, electric; washing apparatus; binding apparatus for hay; extractors for mines; door openers, hydraulic; door openers, pneumatic; door openers, electric; window openers, hydraulic; window openers, pneumatic; window openers, electric; curtain drawing devices, electrically operated; adhesive tape dispensers [machines]; anti-pollution devices for motors and engines; beverage preparation machines, electromechanical; food preparation machines, electromechanical; portable ultrasonic washing devices for laundry; elevator operating apparatus; control mechanisms for machines, engines or motors; shoe polishers, electric; machines and apparatus for wax-polishing, electric; air cushion devices for moving loads; handling apparatus for loading and unloading; elevating apparatus; aprons [parts of machines]; filter presses; filters for cleaning cooling air, for engines; filters being parts of machines or engines; molds [parts of machines]; printing plates; journals [parts of machines]; centrifugal machines; elevator chains [parts of machines]; driving chains other than for land vehicles; transmission chains, other than for land vehicles; cylinders for motors and engines; cylinders for machines; printing cylinders; pneumatic jacks; shuttles [parts of machines]; universal joints [Cardan joints]; connecting rods for machines, motors and engines; steam mops; pulleys [parts of machines]; vacuum cleaner hoses; screwdrivers, electric; brushes [parts of machines]; dynamo brushes; brushes for vacuum cleaners; brushes, electrically operated [parts of machines]; carbon brushes [electricity]; ejectors; robotic exoskeleton suits, other than for medical purposes; fuel economisers for motors and engines; excavators; shovels, mechanical; grain elevators; agricultural elevators; motors, electric, other than for land vehicles; electrodes for welding machines; electric hammers; parquet wax-polishers, electric; cartridges for filtering machines; escalators; automatic grapnels for marine purposes; machines, machine tools, power-operated tools; motors and engines (except for land vehicles); machine coupling and transmission components (except for land vehicles); drills [power tools]; cordless electric drills; cordless electric screwdrivers; impact wrenches; impact drills; electric multi-function hand-held tools; jigsaws [power tools]; angle grinder machines;

grinding machines; electric mixers for household purposes; power staplers; power-operated staple guns; pneumatic staplers; electric fans for technical use; milling cutters [machine tools]; high pressure washers; nozzles for vacuum cleaners; vacuum cleaners for industrial purposes; dust filters for vacuum cleaners; stone cutting machines; sharpening machines for cutting tools; drill presses [machines]; concrete vibrators; pulley blocks, electric; aerators [machines]; scarifiers [machines]; snow plows; string trimmers for garden use; vibrating grinders, pneumatic; pneumatic nut runners; angle grinder machines, pneumatic; sets of pneumatic tools; orbital grinders, pneumatic; pneumatic nailing guns; straight grinders, pneumatic; regulators for pneumatic tools; pneumatic ratchet wrenches; oil separators [machines].~8 - Glaziers' diamonds [parts of hand tools]; apparatus for tattooing; laser hair removal apparatus, other than for medical purposes; razors, electric or non-electric; sharpening steels; scythe stones; gimlets [hand tools]; augers [hand tools]; carpenters' augers; pickhammers; weeding forks [hand tools]; carving forks; table forks; agricultural forks [hand tools]; lawn clippers [hand instruments]; harpoons; harpoons for fishing; nail extractors, hand-operated; rakes [hand tools]; sand trap rakes; cutter bars [hand tools]; whetstone holders; priming irons [hand tools]; sculptors' chisels; bushhammers; lifting jacks, hand-operated; hand drills, hand-operated; bludgeons; clamps for carpenters or coopers; spades [hand tools]; rabbeting planes; chisels; engraving needles; tattoo needles; cutlery; edge tools [hand tools]; choppers being knives; garden tools, hand-operated; abrading instruments [hand instruments]; numbering punches; goffering irons; implements for decanting liquids [hand tools]; depilation appliances, electric and non-electric; sharpening instruments; blade sharpening instruments; cattle marking tools; nail clippers, electric or non-electric; oyster openers; glazing irons; ear-piercing apparatus; tube cutting instruments; wire strippers [hand tools]; riveters [hand tools]; expanders [hand tools]; cutting tools [hand tools]; cutters; ski edge sharpening tools, hand-operated; hand tools, hand-operated; sterile body piercing instruments; stamping-out tools [hand tools]; picks [hand tools]; sharpening stones; knuckle dusters; trowels; centre punches [hand tools]; daggers; pickaxes; mallets [hand instruments]; pliers; punch pliers [hand tools]; blades [weapons]; annular screw plates; spanners [hand tools]; tap

wrenches; ladles [hand tools]; foundry ladles [hand tools]; meat claws; breast drills; lasts [shoemakers' hand tools]; scythe rings; instruments for punching tickets; diggers [hand tools]; rams [hand tools]; scythes; hainault scythes; fire irons; emery grinding wheels; grindstones [hand tools]; sledgehammers; thistle extirpators [hand tools]; nail nippers; tree pruners; nail drawers [hand tools]; ice picks; blades [hand tools]; razor blades; blades for planes; plane irons; jig-saws; spoons; table knives, forks and spoons for babies; table knives, forks and spoons of plastic; crow bars; trowels [gardening]; shovels [hand tools]; palette knives; machetes; beard clippers; hair clippers for personal use, electric and non-electric; hair clippers for animals [hand instruments]; taps [hand tools]; fireplace bellows [hand tools]; swords; hammers [hand tools]; emergency hammers; fullers [hand tools]; stone hammers; masons' hammers; riveting hammers [hand tools]; mattocks; ditchers [hand tools]; manicure sets; manicure sets, electric; pedicure sets; needle files; bits [hand tools]; files [tools]; emery files; air pumps, hand-operated; hand pumps; shaving cases; fleshing knives; cheese slicers, non-electric; fruit segmenters; egg slicers, non-electric; vegetable knives; pizza cutters, non-electric; scaling knives; hobby knives [scalpels]; fruit corers; molding irons; ceramic knives; can openers, non-electric; farriers' knives; multi-tool knives; budding knives; hunting knives; penknives; grafting tools [hand tools]; carving knives; braiders [hand tools]; box cutters; bill-hooks; paring knives; knives; cleavers; wick trimmers [scissors]; shears; cattle shearers; border shears; pruning shears; shearers [hand instruments]; scissors; sword scabbards; kitchen mandolines; vegetable slicers, hand-operated; vegetable spiralizers, hand-operated; vegetable peelers, hand-operated; agricultural implements, hand-operated; side arms, other than firearms; stropping instruments; screwdrivers, non-electric; hand-operated corn cob strippers; sabres; stirring sticks for mixing paint; reamer sockets; drill holders [hand tools]; perforating tools [hand tools]; pestles for pounding [hand tools]; emery boards; nail files; nail files, electric; saws [hand tools]; bow saws; tweezers; hair-removing tweezers; guns [hand tools]; non-electric caulking guns; guns, hand-operated, for the extrusion of mastics; dies [hand tools]; fruit pickers [hand tools]; saw blades [parts of hand tools]; shear blades; tool belts [holders]; hair braiders, electric; table cutlery [knives, forks and

spoons]; crimping irons; hand implements for hair curling, non-electric; vegetable choppers; money scoops; instruments and tools for skinning animals; fingernail polishers, electric or non-electric; hackles [hand tools]; pin punches; nail punches; fish tapes [hand tools]; food processors, hand-operated; punches [hand tools]; insecticide sprayers [hand tools]; syringes for spraying insecticides; reamers; frames for handsaws; saw holders; rasps [hand tools]; paring irons [hand tools]; graving tools [hand tools]; milling cutters [hand tools]; razor strops; leather strops; planes; scythe handles of metal; knife handles of metal; handles for hand-operated hand tools; levers; marline spikes; bits [parts of hand tools]; hollowing bits [parts of hand tools]; pruning scissors; meat choppers being meat knives; silver plate [knives, forks and spoons]; pruning knives; sickles; drawing knives; scrapers [hand tools]; scrapers for skis; mortise chisels; caulking irons; gouges [hand tools]; mortars for pounding [hand tools]; mitre boxes [hand tools]; branding irons; hatchets; adzes [tools]; vices; bench vices [hand implements]; hoop cutters [hand tools]; axes; holing axes; fulling tools [hand tools]; earth rammers [hand tools]; tube cutters [hand tools]; hoes [hand tools]; squares [hand tools]; extension pieces for braces for screw taps; embossers [hand tools]; apparatus for destroying plant parasites, hand-operated; metal wire stretchers [hand tools]; metal band stretchers [hand tools]; flat irons; irons [non-electric hand tools]; hand-operated fruit slicers; razor cases; ratchets [hand tools]; scraping tools [hand tools]; awls; spatulas [hand tools]; spatulas for use by artists; wine bottle foil cutters, hand-operated; bayonets; nippers; curling tongs; cuticle nippers; eyelash curlers; hand tools and implements, hand-operated; razors; screwdrivers; staple guns, hand-operated; lawn aerators, hand-operated; hair trimmers; hex wrenches; screw wrenches; multifunctional hand tools; thread cutting kits [hand-operated tools]; tool kits [hand-operated hand tools]; hacksaws; caulking guns, hand-operated; tile cutters, hand-operated; crimping pliers; livestock marking tools; glass cutters; tool bags, filled with hand-operated hand tools; concrete trowels; engraving drills [hand drills, hand-operated]; groovers for cement [hand tools].~9 - 3D spectacles; 3D scanners; DVD players; ticket dispensers; juke boxes, musical; answering machines; electrical adapters; batteries for electronic cigarettes; accumulators, electric; accumulators, electric, for vehicles; accelerometers;

actinometers; alidades; breathalyzers; altimeters; ear pads for headphones; ammeters; apparatus for testing breast milk, other than for medical or veterinary use; nanoparticle size analyzers; anemometers; anodes; aerials; anticathodes; apertometers [optics]; high-frequency apparatus; testing apparatus not for medical purposes; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals; monitoring apparatus, other than for medical purposes; sound recording apparatus; global positioning system [GPS] apparatus; remote control apparatus; distillation apparatus for scientific purposes; diffraction apparatus [microscopy]; air analysis apparatus; apparatus to check franking; sound transmitting apparatus; breathing apparatus for underwater swimming; breathing apparatus, except for artificial respiration; apparatus and installations for the production of X-rays, not for medical purposes; cash registers; electric apparatus for commutation; magnetic resonance imaging [MRI] apparatus, not for medical purposes; intercommunication apparatus; stills for laboratory experiments; projection apparatus; fire extinguishing apparatus; radiological apparatus for industrial purposes; x-ray apparatus not for medical purposes; blueprint apparatus; flashing lights [luminous signals]; stereoscopic apparatus; telephone apparatus; facsimile machines; fermentation apparatus for laboratory use; phototelegraphy apparatus; igniting apparatus, electric, for igniting at a distance; acid hydrometers; salinometers; acidimeters for batteries; aerometers; beacons, luminous; battery jars; automated teller machines [ATM]; barometers; anode batteries; galvanic batteries; ignition batteries; solar batteries; solar panels for the production of electricity; batteries, electric; balances [steelyards]; betatrons; binoculars; bioreactors for cell culturing for scientific research; bioreactors for laboratory use; biochips; electronic tags for goods; lens hoods; magnetic tape units for computers; computer memory devices; fire hose nozzles; encoded identification bracelets, magnetic; connected bracelets [measuring instruments]; safety tarpaulins; electronic key fobs being remote control apparatus; bullet-proof clothing; signalling buoys; life buoys; marking buoys; directional compasses; vacuum gauges; variometers; internal cooling fans for computers; verniers; scales; baby scales; bathroom scales; letter scales;

weighbridges; precision balances; scales with body mass analyzers; levelling staffs [surveying instruments]; camcorders; video baby monitors; video cassettes; video projectors; video telephones; video screens; viewfinders, photographic; electric plugs; micrometer screws for optical instruments; viscosimeters; circuit closers; wavemeters; voltmeters; flash lamps for smartphones; mechanical signs; switchboxes [electricity]; current rectifiers; gas testing instruments; gasometers [measuring instruments]; galvanometers; hands-free kits for telephones; headsets; headsets for playing video games; heliographic apparatus; apparatus for generating gas for calibration purposes; hygrometers; hydrometers; weights; peepholes [magnifying lenses] for doors; hairdressing training heads [teaching apparatus]; holograms; plotters; loudspeakers; sounding leads; plumb bobs; range finders; gauges; parking sensors for vehicles; piezoelectric sensors; densimeters; densitometers; holders adapted for mobile telephones and smartphones; detectors; smoke detectors; infrared detectors; false coin detectors; joysticks for use with computers, other than for video games; slides [photography]; slide projectors; diaphragms [photography]; dictating machines; thin film speakers; portable speakers; dynamometers; light-emitting diodes [LED]; quantum dot light-emitting diodes [QLED]; organic light-emitting diodes [OLED]; floppy disks; phonograph records; disks, magnetic; optical discs; disk drives for computers; juke boxes for computers; head-mounted displays; wearable video display monitors; electronic numeric displays; dna chips; electronic interactive whiteboards; electronic notice boards; electric wire harnesses for automobiles; bullet-proof waistcoats; life jackets; reflective safety vests; identification threads for electric wires; nose clips for divers and swimmers; biometric locks; padlocks, electronic; locks, electric; bells [warning devices]; alarm bells, electric; electric door bells; signal bells; acoustic conduits; mirrors for inspecting work; safety signs [luminous]; road signs, luminous or mechanical; warning signs [luminous]; signs, luminous; downloadable emoticons for mobile phones; marine depth finders; probes for scientific purposes; buzzers; needles for surveying compasses; needles for record players; eyewear; reflective articles for wear, for the prevention of accidents; pressure measuring apparatus; simulators for the steering and control of vehicles; inverters

[electricity]; pressure indicators; automatic indicators of low pressure in vehicle tires; temperature indicators; incubators for bacteria culture; measuring instruments; cosmographic instruments; mathematical instruments; levelling instruments; instruments containing eyepieces; surveying instruments; azimuth instruments; interfaces for computers; audio interfaces; ionization apparatus not for the treatment of air or water; satellite finder meters; spark-guards; coaxial cables; fiber optic cables; cables, electric; calipers; slide calipers; screw-tapping gauges; calorimeters; calculating machines; pocket calculators; decompression chambers; rearview cameras for vehicles; cinematographic cameras; thermal imaging cameras; mouth guards for sports; life-saving capsules for natural disasters; electronic pens [visual display units]; holders for electric coils; biometric identity cards; identity cards, magnetic; video game cartridges; toner cartridges, unfilled, for printers and photocopiers; memory cards for video game machines; encoded magnetic cards; riding helmets; protective helmets; carriers for dark plates [photography]; cathodes; spools [photography]; choking coils [impedance]; coils, electric; electromagnetic coils; cinematographic film, exposed; computer keyboards; solenoid valves [electromagnetic switches]; wire connectors [electricity]; thin client computers; downloadable cryptographic keys for receiving and spending crypto assets; encoded key cards; electronic book readers; electronic agendas; push buttons for bells; mouse pads; dashboard mats adapted for holding mobile telephones and smartphones; magnetic encoders; visors for helmets; collectors, electric; calibrating rings; smart rings; mobile phone ring holders; mobile phone ring stands; ring sizers; protective suits for aviators; commutators; compact discs [audio-video]; compact discs [read-only memory]; comparators; marine compasses; computers; quantum computers; notebook computers; tablet computers; laptop computers; capacitors; contacts, electric; controllers for servo motors; home automation hubs; musical instrument digital interface controllers being audio interfaces; electronic controllers for servo motors; wind socks for indicating wind direction; traffic cones; branch boxes [electricity]; distribution boxes [electricity]; junction boxes [electricity]; accumulator boxes; cabinets for loudspeakers; diving suits; haptic suits, other than for medical purposes; downloadable e-wallets; evacuation chairs; galena crystals

[detectors]; circular slide rules; covers for electric outlets; logs [measuring instruments]; lasers, not for medical purposes; lactodensimeters; lactometers; vacuum tubes [radio]; darkroom lamps [photography]; selfie ring lights for smartphones; thermionic valves; amplifying tubes; flashlights [photography]; head cleaning tapes [recording]; magnetic tapes; videotapes; surveying chains; fire escapes; rulers [measuring instruments]; square rulers for measuring; slide-rules; contact lenses; correcting lenses [optics]; close-up lenses; optical lenses; optical condensers; sounding lines; electricity conduits; measuring spoons; magnifying glasses [optics]; thread counters; magnets; decorative magnets; crash test dummies; resuscitation mannequins [teaching apparatus]; mouse [computer peripheral]; trackballs [computer peripherals]; manometers; security tokens [encryption devices]; divers' masks; solderers' helmets; protective masks, not for medical purposes; dust masks incorporating air purification; respiratory masks, other than for artificial respiration; materials for electricity mains [wires, cables]; voting machines; money counting and sorting machines; material testing instruments and machines; furniture especially made for laboratories; speaking tubes; portable media players; diaphragms [acoustics]; diaphragms for scientific apparatus; metal detectors for industrial or military purposes; digital weather stations; metronomes; rules [measuring instruments]; carpenters' rules; dressmakers' measures; mechanisms for coin-operated apparatus; mechanisms for counter-operated apparatus; coin-operated mechanisms for television sets; shutter releases [photography]; micrometer gauges; microprocessors; microscopes; microtomes; microphones; wireless speaker microphones; audio mixers; modems; lightning arresters; monitors [computer hardware]; selfie sticks [hand-held monopods]; terminals [electricity]; junction sleeves for electric cables; data sets, recorded or downloadable; teeth protectors; temperature indicator labels, not for medical purposes; knee-pads for workers; headphones; earpieces for remote communication; surveyors' levels; sound recording carriers; magnetic data media; optical data media; electronic sheet music, downloadable; computer game software, recorded; computer software, recorded; downloadable computer software for managing cryptocurrency transactions using blockchain technology; software as a medical device

[SaMD], downloadable; sheaths for electric cables; identification sheaths for electric wires; weighing machines; computer hardware; punched card machines for offices; shoes for protection against accidents, irradiation and fire; objectives [lenses] [optics]; lenses for astrophotography; selfie lenses; egg-candlers; fire extinguishers; rescue laser signalling flares; electrified fences; limiters [electricity]; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; asbestos clothing for protection against fire; clothing especially made for laboratories; survival blankets; ozonisers [ozonators]; octants; eyepieces; ohmmeters; wrist rests for use with computers; spectacle frames; oscillographs; plumb lines; mirrors [optics]; spectacles [optics]; color blindness correction glasses; sunglasses; goggles for sports; electronic collars to train animals; finger sizers; signalling panels, luminous or mechanical; biometric passports; e-passports; wah-wah pedals; effects pedals for guitars; radio pagers; pince-nez; electronic pocket translators; transmitters [telecommunication]; telephone transmitters; transmitters of electronic signals; switches, electric; periscopes; data gloves; gloves for divers; gloves for protection against accidents; gloves for protection against X-rays for industrial purposes; asbestos gloves for protection against accidents; furnaces for laboratory experiments; droppers for measuring, other than for medical or household purposes; laboratory pipettes; pyrometers; planimeters; plane tables [surveying instruments]; plates for batteries; computer software platforms, recorded or downloadable; wafers for integrated circuits; printed circuit boards; compact disc players; cassette players; protective films adapted for computer screens; protective films adapted for smartphones; sound recording strips; mobile phone screen protectors; roentgen films, exposed; films, exposed; life-saving rafts; animal signalling rattles for directing livestock; laboratory trays; digital signs; stands adapted for laptops; in-car telephone handset cradles; cooling pads for laptop computers; airbags for safety purposes for fall protection; semi-conductors; polarimeters; personal digital assistants [PDAs]; fire engines; measuring glassware; weight belts for divers; life belts; fuses; circuit breakers; converters, electric; telerupters; food analysis apparatus; diagnostic apparatus, not for medical purposes; distance recording apparatus; distance measuring apparatus;

speed measuring apparatus [photography]; apparatus for measuring the thickness of skins; speed checking apparatus for vehicles; teaching apparatus; time recording apparatus; apparatus and instruments for astronomy; surveying apparatus and instruments; weighing apparatus and instruments; nautical apparatus and instruments; optical apparatus and instruments; apparatus and instruments for physics; chemistry apparatus and instruments; measuring apparatus; measuring devices, electric; boiler control instruments; meteorological instruments; naval signalling apparatus; observation instruments; navigation apparatus for vehicles [on-board computers]; satellite navigational apparatus; regulating apparatus, electric; telecommunication apparatus in the form of jewelry; precision measuring apparatus; electric actuators; electric linear actuators; audio- and video-receivers; prisms [optics]; computer software applications, downloadable; wireless portable printers for use with laptops and mobile devices; ticket printers; printers for use with computers; hemline markers; retorts' stands; apparatus for changing record player needles; drainers for use in photography; cleaning apparatus for phonograph records; fire beaters; sighting telescopes for firearms; telescopic sights for artillery; test tubes; pressure indicator plugs for valves; magnetic wires; telegraph wires; telephone wires; wires, electric; conductors, electric; copper wire, insulated; fuse wire; computer operating programs, recorded; computer game software, downloadable; computer programs, downloadable; computer screen saver software, recorded or downloadable; record players; central processing units [processors]; rods for water diviners; electronic publications, downloadable; distribution consoles [electricity]; control panels [electricity]; radar apparatus; baby monitors; masts for wireless aerials; transmitting sets [telecommunication]; radios; vehicle radios; sprinkler systems for fire protection; frames for photographic transparencies; screens for photoengraving; flowmeters; walkie-talkies; voltage surge protectors; voltage regulators for vehicles; stage lighting regulators; light dimmers [regulators], electric; speed regulators for record players; cell switches [electricity]; washing trays [photography]; rods [surveying instruments]; marking gauges [joinery]; t-squares for measuring; time switches, automatic; relays, electric; safety restraints, other than for vehicle seats and sports equipment; body harnesses

for support when lifting loads; x-ray photographs, other than for medical purposes; rheostats; respirators for filtering air; retorts; refractometers; refractors; grids for batteries; security surveillance robots; laboratory robots; teaching robots; telepresence robots; humanoid robots with artificial intelligence for use in scientific research; electric sockets; height measuring instruments; megaphones; horns for loudspeakers; subwoofers; saccharometers; optical fibres [light conducting filaments]; traffic-light apparatus [signalling devices]; dog whistles; signalling whistles; sports whistles; sextants; inductors [electricity]; safety nets; nets for protection against accidents; fire alarms; signals, luminous or mechanical; rescue flares, non-explosive and non-pyrotechnic; sirens; electronic access control systems for interlocking doors; scanners [data processing equipment]; scanners [apparatus] for performing automotive diagnostics; hand-held electronic dictionaries; smart speakers; integrated circuit cards [smart cards]; smartglasses; smartphones; foldable smartphones; smartwatches; connections for electric lines; connections, electric; connectors [electricity]; sonars; sound locating instruments; lighting ballasts; resistances, electric; spectrograph apparatus; spectroscopes; speed indicators; alcoholmeters; satellites for scientific purposes; protection devices for personal use against accidents; audiovisual teaching apparatus; charging stations for electric vehicles; radiotelegraphy sets; radiotelephony sets; spectacle lenses; anti-glare glasses; optical glass; personal stereos; stereoscopes; stands for photographic apparatus; stroboscopes; fire boats; sulphitometers; bags adapted for laptops; drying racks [photography]; spherometers; integrated circuits; printed circuits; counters; parking meters; kilometer recorders for vehicles; portable ultrafine dust meters; revolution counters; abacuses; egg timers [sandglasses]; taximeters; ear plugs for divers; tachometers; television apparatus; telegraphs [apparatus]; telescopes; teleprompters; teleprinters; cellular phones; cordless telephones; mobile telephones; theodolites; credit card terminals; interactive touch screen terminals; thermo-hygrometers; thermometers, not for medical purposes; thermostats; thermostats for vehicles; climate control digital thermostats; crucibles [laboratory]; tone arms for record players; totalizators; transistors [electronic]; transponders; protractors [measuring instruments]; transformers [electricity]; step-up transformers;

resuscitation training simulators; vehicle breakdown warning triangles; triodes; starter cables for motors; discharge tubes, electric, other than for lighting; capillary tubes for laboratory use; neon signs; pitot tubes; x-ray tubes not for medical purposes; telephone receivers; headgear being protective helmets; squares for measuring; quantity indicators; gasoline gauges; water level indicators; electric loss indicators; light-emitting electronic pointers; clinometers; levels [instruments for determining the horizontal]; mercury levels; spirit levels; urinometers; amplifiers for servo motors; amplifiers; particle accelerators; electric installations for the remote control of industrial operations; steering apparatus, automatic, for vehicles; balancing apparatus; video recorders; sound reproduction apparatus; invoicing machines; tape recorders; protection devices against X-rays, not for medical purposes; railway traffic safety appliances; data processing apparatus; oxygen transvasing apparatus; theft prevention installations, electric; devices for the projection of virtual keyboards; film cutting apparatus; drying apparatus for photographic prints; optical character readers; centering apparatus for photographic transparencies; dosimeters; battery chargers; mobile phone chargers; chargers for electric batteries; chargers for electronic cigarettes; portable power chargers; acoustic [sound] alarms; sounding apparatus and machines; life saving apparatus and equipment; editing appliances for cinematographic films; cathodic anti-corrosion apparatus; couplers [data processing equipment]; wearable activity trackers; anti-theft warning apparatus; computer peripheral devices; anti-interference devices [electricity]; demagnetizing apparatus for magnetic tapes; acoustic couplers; alarms; fog signals, non-explosive; whistle alarms; adding machines; readers [data processing equipment]; heat regulating apparatus; photocopiers [photographic, electrostatic, thermic]; electric and electronic effects units for musical instruments; bar code readers; head-up display apparatus for vehicles; downloadable ring tones for mobile phones; downloadable image files; downloadable music files; animated cartoons; filters for respiratory masks; filters for ultraviolet rays, for photography; filters [photography]; uSB flash drives; magic lanterns; optical lamps; signal lanterns; cameras [photography]; glazing apparatus for photographic prints; shutters [photography]; darkrooms [photography]; photometers; flash-bulbs [photography]; digital photo frames;

enlarging apparatus [photography]; photovoltaic cells; containers for contact lenses; contact lens cases incorporating ultrasonic cleaning functions; spectacle cases; containers for microscope slides; cases for smartphones; cases especially made for photographic apparatus and instruments; chromatography apparatus for laboratory use; chronographs [time recording apparatus]; laboratory centrifuges; smart home hubs; eyeglass chains; cyclotrons; compasses for measuring; frequency meters; time clocks [time recording devices]; petri dishes; sleeves for laptops; covers for personal digital assistants [PDAs]; covers for tablet computers; covers for smartphones; fire blankets; chips [integrated circuits]; jigs [measuring instruments]; pedometers; fire-extinguishing balls; meteorological balloons; electrified rails for mounting spot lights; asbestos screens for firemen; fire hose; virtual reality headsets; protective helmets for sports; neural helmets, not for medical purposes; head guards for sports; lifeboats; snorkels; cell phone straps; eyeglass cords; switchboards; distribution boards [electricity]; equalizers [audio apparatus]; screens [photography]; workmen's protective face-shields; projection screens; radiology screens for industrial purposes; fluorescent screens; exposure meters [light meters]; electrolysis apparatus for laboratory use; ducts [electricity]; galvanic cells; downloadable graphics for mobile phones; epidiascopes; ergometers; armatures [electricity]; black boxes [data recorders]; scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; measuring tapes; multimeters; laser rangefinders; voltage detectors; ground terminal blocks.

29~30~35~43	29 - Meat, fish, poultry and game, processed meat products, dried pulses, soups, bouillon, processed olives, olive paste, milks of animal origin, milks of herbal origin, milk products, butter, edible oils, dried, preserved, frozen, cooked, smoked or salted fruits and vegetables, tomato paste, prepared nuts and dried fruits as snacks, hazelnut spreads and peanut butter, tahini (sesame seed paste), eggs and powdered eggs, potato chips.~30 - Coffee, cocoa, coffee or cocoa based beverages, chocolate based beverages, pasta, stuffed dumplings, noodles, pastries and bakery products based on flour, desserts based on flour and chocolate, bread, simit [turkish ring-shaped bagel covered with sesame seeds], po?aça [turkish bagel], pita, sandwiches, katmer [turkish pastry], pies, cakes, baklava [turkish dessert based on dough coated with syrup], kaday?f [turkish dessert based on dough], desserts based on dough coated with syrup, puddings, custard, kazandibi [turkish pudding], rice pudding, ke?kül [turkish pudding], honey, bee glue for human consumption, propolis for food purposes, condiments for foodstuff, vanilla (flavoring), spices, sauces (condiments), tomato sauce, yeast, baking powder, flour, semolina, starch for food, sugar, cube sugar, powdered sugar, tea, iced tea, confectionery, chocolate, biscuits, crackers, wafers, chewing gums, ice-cream, edible ices, salt, cereal-based snack food, popcorn, crushed oats, corn chips, breakfast cereals, processed wheat for human consumption,

crushed barley for human consumption, processed oats for human consumption, processed rye for human consumption, rice, molasses for food.~35 - Advertising, marketing and public relations, organization of exhibitions and trade fairs for commercial or advertising purposes, development of advertising concepts, provision of an online marketplace for buyers and sellers of goods and services, office functions, secretarial services, arranging newspaper subscriptions for others, compilation of statistics, rental of office machines, systemization of information into computer databases, telephone answering for unavailable subscribers, business management, business administration and business consultancy, accounting, commercial consultancy services, personnel recruitment, personnel placement, employment agencies, import-export agencies, temporary personnel placement services, auctioneering, the bringing together, for the benefit of others, of a variety of goods, namely, chemicals used in industry, science, photography, agriculture, horticulture and forestry, manures and soils, unprocessed artificial resins and unprocessed plastics, fire extinguishing compositions, adhesives not for medical, household and stationery purposes, paints, varnishes, lacquers, preservatives against rust, preservatives against deterioration of wood, thinners and binders for paints, pigments, preservatives for metals, shoe dyes, printing dyes and ink, toners (including filled toner cartridges), colorants for food, pharmaceuticals and beverages, raw natural resins, metals in foil and powder form for painters, decorators, printers and artists, bleaching and cleaning preparations, detergents other than for use in manufacturing operations and for medical purposes, laundry bleach, fabric softeners for laundry use, stain removers, dishwasher detergents, perfumery, non-medicated cosmetics, fragrances, deodorants for personal use and animals, soaps, dental care preparations: dentifrices, denture polishes, tooth whitening preparations, mouth washes, not for medical purposes, abrasive preparations, emery cloth, sandpaper, pumice stone, abrasive pastes, polishing preparations for leather, vinyl, metal and wood, polishes and creams for leather, vinyl, metal and wood, wax for polishing, industrial oils and greases, cutting fluids, dust absorbing, wetting and binding compositions, solid fuels: coal, firewood, liquid and gas fuels, petrol, diesel oil, liquified petroleum gas, natural gas, fuel oil and their non-chemical additives, candles, wicks,

semi-finished wax, wax and paraffin for lighting purposes, electrical energy, pharmaceutical and veterinary preparations for medical purposes, chemical preparations for medical and veterinary purposes, chemical reagents for pharmaceutical and veterinary purposes, medicated cosmetics, dietary supplements for pharmaceutical and veterinary purposes, dietary supplements, nutritional supplements, medical preparations for slimming purposes, food for babies, herbs and herbal beverages adapted for medicinal purposes, dental preparations and articles: teeth filling material, dental impression material, dental adhesives and material for repairing teeth, sanitary preparations for medical use: hygienic pads, hygienic tampons, plasters, materials for dressings, diapers made of paper and textiles for babies, adults and pets, preparations for destroying vermin, herbicides, fungicides, preparations for destroying rodents, deodorants, other than for human beings or for animals, air purifying preparations, air deodorising preparations, disinfectants, antiseptics, detergents for medical purposes, medicated soaps, disinfectant soaps, antibacterial hand lotions, ores of non-precious metal, common metals and their alloys and semi-finished products made of these materials: irons for construction, mats and stirrups of common metals for buildings, common metals in the form of plate, billet, stick, profile, sheet and sheeting, goods and materials of common metal used for storage, wrapping, packaging and sheltering purposes, containers of metal (storage, transport), buildings of metal, frames of metal for building, poles of metal for building, metal boxes, packaging containers of metal, aluminium foil, fences made of metal, guard barriers of metal, metal tubes, storage containers of metal, metal containers for the transportation of goods, ladders of metal, goods of common metal for filtering and sifting purposes, doors, windows, shutters, jalousies and their cases and fittings of metal, non-electric cables and wires of metal, ironmongery, small hardware of metal: screws of metal, nails, bolts of metal, nuts of metal, pegs of metal, flakes of metal, pitons of metal, metal chains, furniture casters of metal, fittings of metal for furniture, industrial metal wheels, door handles of metal, window handles of metal, hinges of metal, metal latches, metal locks, metal keys for locks, metal rings for carrying keys, metal pulleys, ventilation ducts, vents, vent covers, pipes, chimney caps, manhole covers, grilles of metal

for ventilation, heating, sewage, telephone, underground electricity and air conditioning installations, metal panels or boards (non-luminous and non-mechanical) used for signalling, route showing, publicity purposes, signboards of metal, advertisement columns of metal, signaling panels of metal, non-luminous and non- mechanical traffic signs of metal, pipes of metal for transportation of liquids and gas, drilling pipes of metal and their metal fittings, valves of metal, couplings of metal for pipes, elbows of metal for pipes, clips of metal for pipes, connectors of metal for pipes, safes (strong boxes) of metal, metal railway materials, metal rails, metal railway ties, railway switches, bollards of metal, floating docks of metal, mooring buoys of metal, anchors, metal moulds for casting, other than machine parts, works of art made of common metals or their alloys, trophies of common metal, metal closures, bottle caps of metal, metal poles, metal pillars, scaffolding of metal, metal stakes, metal towers, metal pallets and metal ropes for lifting, loading and transportation purposes, metal hangers, ties, straps, tapes and bands used for load-lifting and load-carrying, wheel chocks made primarily of metal, metal profile laths for vehicles for the purposes of decoration, machines, machine tools and industrial robots for processing and shaping wood, metals, glass, plastics and minerals, 3d printers, construction machines and robotic mechanisms (machines) for use in construction: bulldozers, diggers (machines), excavators, road construction and road paving machines, drilling machines, rock drilling machines, road sweeping machines, lifting, loading and transmission machines and robotic mechanisms (machines) for lifting, loading and transmission purposes: elevators, escalators and cranes, machines and robotic mechanisms (machines) for use in agriculture and animal breeding, machines and robotic mechanisms (machines) for processing cereals, fruits, vegetables and food, machines for preparing and processing beverages, engines and motors, other than for land vehicles, parts and fittings therefor: hydraulic and pneumatic controls for engines and motors, brakes other than for vehicles, brake linings for engines, crankshafts, gearboxes, other than for land vehicles, cylinders for engines, pistons for engines, turbines, not for land vehicles, filters for engines and motors, oil, air and fuel filters for land vehicle engines, exhausts for land vehicle engines, exhaust manifolds for land vehicle engines, engine

cylinders for land vehicles, engine cylinder heads for land vehicles, pistons for land vehicle engines, carburetors for land vehicles, fuel conversion apparatus for land vehicle engines, injectors for land vehicle engines, fuel economisers for land vehicle engines, pumps for land vehicle engines, valves for land vehicle engines, starter motors for land vehicles, dynamos for land vehicle engines, sparking plugs for land vehicle engines, bearings (parts of machines), roller or ball bearings, machines for mounting and detaching tires, alternators, current generators, electric generators, current generators operated with solar energy, painting machines, automatic spray guns for paint, electric, hydraulic and pneumatic punching machines and guns, electric adhesive tape dispensers [machines], electric guns for compressed gas or liquid spraying machines, electric hand drills, electric hand saws, electric jigsaw machines, spiral machines, compressed air machines, compressors (machines), vehicle washing installations, industrial robots with the abovementioned functions, electric and gas-operated welding apparatus, electric arc welding apparatus, electric soldering apparatus, electric arc cutting apparatus, electrodes for welding machines, industrial robots (machines) with the abovementioned functions, printing machines, packaging machines, filling, plugging and sealing machines, labellers (machines), sorting machines, industrial robots (machines) with the abovementioned functions, electric packing machines for plugging and sealing of plastics, machines for textile processing, sewing machines, industrial robots (machines) with the abovementioned functions, pumps other than parts of machines or engines, fuel dispensing pumps for service stations, self-regulating fuel pumps, electric kitchen machines for chopping, grinding, crushing, mixing and mincing foodstuff, washing machines, laundry washing machines, dishwashers, spin driers (not heated), electric cleaning machines for cleaning floors, carpets or floorings, vacuum cleaners and parts thereof, automatic vending machines, galvanizing and electroplating machines, electric door openers and closers, gaskets for engines and motors, forks, spoons, knives and non-electric cutters, slicers, peelers for kitchen use, including those made of precious metals, side arms and blades (weapons), tools and apparatus for personal beauty care use: tools and apparatus for shaving, depilation, manicure and pedicure, electric hand implements for

straightening and curling hair, scissors, hand-operated [non-electric] hand tools for the repair of machines, apparatus and vehicles and for use in construction, agriculture, horticulture and forestry, none of them being power tools, electric or non-electric irons, steam irons, handles for hand-operated hand tools, measurement apparatus and equipment including those for scientific, nautical, topographic, meteorologic, industrial and laboratory purposes, thermometers, not for medical purposes, barometers, ammeters, voltmeters, hygrometers, testing apparatus not for medical purposes, telescopes, periscopes, directional compasses, speed indicators, laboratory apparatus, microscopes, magnifying glasses, stills, binoculars, ovens and furnaces for laboratory experiments, apparatus for recording, transmission or reproduction of sound or images, cameras, photographic cameras, television apparatus, video recorders, cd and dvd players and recorders, mp3 players, computers, desktop computers, tablet computers, wearable technological devices (smart watches, wristbands, head-mounted devices) microphones, loudspeakers, earphones, telecommunications apparatus, apparatus for the reproduction of sound or images, computer peripheral devices, cell phones, covers for cell phones, telephone apparatus, computer printers, scanners [data processing equipment], photocopiers, magnetic and optical data carriers and computer software and programmes recorded thereto, downloadable and recordable electronic publications, encoded magnetic and optical cards, movies, tv series and video music clips recorded on magnetic, optical and electronic media, antennas, satellite antennas, amplifiers for antennas, parts of the aforementioned goods, ticket dispensers, automatic teller machines (ATM), electronic components used in the electronic parts of machines and apparatus: semi-conductors, electronic circuits, integrated circuits, chips [integrated circuits], diodes, transistors [electronic], magnetic heads for electronic apparatus, electronic locks, photocells, remote control apparatus for opening and closing doors, optical sensors, counters and quantity indicators for measuring the quantity of consumption, automatic time switches, clothing for protection against accidents, irradiation and fire, safety vests and life-saving apparatus and equipment, eyeglasses, sunglasses, optical lenses and cases, containers, parts and components thereof, apparatus and instruments for

conducting, transforming, accumulating or controlling electricity, electric plugs, junction boxes [electricity], electric switches, circuit breakers, fuses, lighting ballasts, battery starter cables, electrical circuit boards, electric resistances, electric sockets, transformers [electricity], electrical adapters, battery chargers, electric door bells, electric and electronic cables, batteries, electric accumulators, solar panels for production of electricity, alarms and anti-theft alarms, other than for vehicles, electric bells, signalling apparatus and instruments, luminous or mechanical signs for traffic use, fire extinguishing apparatus, fire engines, fire hose and fire hose nozzles, radar apparatus, sonars, night vision apparatus and instruments, decorative magnets, metronomes, surgical, medical, dental and veterinary apparatus and instruments, furniture especially made for medical purposes, artificial limbs and prostheses, medical orthopaedic articles: corsets for medical purposes, orthopaedic shoes, elastic bandages and supportive bandages, surgical gowns and surgical sterile sheets, adult sexual aids, condoms, babies' bottles, babies' pacifiers, teats, gum massagers for babies, bracelets and rings for medical purposes, anti-rheumatism bracelets, anti-rheumatism rings, lighting installations, lights for vehicles and interior-exterior spaces, heating installations using solid, liquid or gas fuels or electricity: central heating boilers, boilers for heating installations, radiators [heating], heat exchangers, not parts of machines, stoves, kitchen stoves, solar thermal collectors [heating], steam, gas and fog generators: steam boilers, other than parts of machines, acetylene generators, oxygen generators, nitrogen generators, installations for air-conditioning and ventilating, cooling installations and freezers, electric and gas-powered devices, installations and apparatus for cooking, drying and boiling: cookers, electric cooking pots, electric water heaters, barbecues, electric laundry driers, hair driers, hand drying apparatus, sanitary installations: taps [faucets], shower installations, toilets [water-closets], shower and bathing cubicles, bath tubs, toilet seats, sinks, wash-hand basins [parts of sanitary installations], washers for water taps, stuffings (tap valves), water softening apparatus, water purification apparatus, water purification installations, waste water purification installations, electric bed warmers and electric blankets, not for medical use, electric pillow warmers, electric or non-electric footwarmers, hot water

bottles, electrically heated socks, filters for aquariums and aquarium filtration apparatus, industrial type installations for cooking, drying and cooling purposes, pasteurizers and sterilizers, motor land vehicles, motorcycles, mopeds, engines and motors for land vehicles, clutches for land vehicles, transmissions, transmission belts and transmission chains for land vehicles, gearing for land vehicles, brakes, brake discs and brake linings for land vehicles, vehicle chassis, automobile bonnets, vehicle suspension springs, shock absorbers for automobiles, gearboxes for land vehicles, steering wheels for vehicles, rims for vehicle wheels, bicycles and their bodies, handlebars and mudguards for bicycles, vehicle bodies, tipping bodies for trucks, trailers for tractors, frigorific bodies for land vehicles, trailer hitches for vehicles, vehicle seats, head-rests for vehicle seats, safety seats for children, for vehicles, seat covers for vehicles, vehicle covers (shaped), sun-blinds adapted for vehicles, direction signals and arms for direction signals for vehicles, windscreen wipers and wiper arms for vehicles, inner tubes and tires for vehicle wheels, tubeless tires, tire-fixing sets comprised of tire patches and tire valves for vehicles, windows for vehicles, safety windows for vehicles, rearview mirrors and wing mirrors for vehicles, anti-skid chains for vehicles, luggage carriers for vehicles, bicycle and ski carriers for cars, saddles for bicycles or motorcycles, air pumps for vehicles, for inflating tires, anti-theft alarms for vehicles, horns for vehicles, safety belts for vehicle seats, air bags (safety devices for automobiles), baby carriages, wheelchairs, pushchairs, wheelbarrows, shopping carts, single or multi-wheeled wheelbarrows, shopping trolleys, grocery carts, handling carts, rail vehicles: locomotives, trains, trams, waggons, cable cars, chairlifts, vehicles for locomotion by water and their parts, other than their motors and engines, vehicles for locomotion by air and their parts, other than their motors and engines, firearms, air pistols (weapons), spring-loaded firearms, adapted cases and shoulder straps therefor, heavy weapons, mortars and rockets, fireworks, sprays for personal defence purposes, jewellery, imitation jewellery, gold, precious stones and jewellery made thereof, cufflinks, tie pins, statuettes and figurines of precious metal, clocks, watches and chronometrical instruments, chronometers and their parts, watch straps, trophies made of precious metal, rosaries, musical instruments and cases for musical

instruments, paper and cardboard, paper and cardboard for packaging and wrapping purposes, cardboard boxes, paper towels, toilet paper, paper napkins, plastic materials for packaging and wrapping purposes, printing blocks and types, bookbinding material, printed publications, printed matter, books, magazines, newspapers, bill books, printed dispatch notes, printed vouchers, calendars, posters, photographs [printed], paintings, stickers [stationery], postage stamps, stationery, office stationery, instructional and teaching material [except furniture and apparatus], writing and drawing implements, artists' materials, paper products for stationery purposes, adhesives for stationery purposes, pens, pencils, erasers, adhesive tapes for stationery purposes, cardboard cartons [artists' materials], writing paper, copying paper, paper rolls for cash registers, drawing materials, chalkboards, painting pencils, watercolors [paintings], office requisites, paint rollers and paintbrushes for painting, rubber, gutta-percha, gum, asbestos, mica and semi-finished synthetic goods made from these materials in the form of powder, bars, panels and foils insulation, stopping and sealing materials: insulating paints, insulating fabrics, insulating tape and band, insulation covers for industrial machinery, joint sealant compounds for joints, gaskets, o-rings for sealing purposes (other than gaskets for motors, cylinders and washer for water taps), flexible pipes made from rubber and plastic, hoses made of plastic and rubber, including those used for vehicles, junctions for pipes of plastic and rubber, pipe jackets of plastic and rubber, hoses of textile material, junctions for pipes, not of metal, pipe jackets, not of metal, connecting hose for vehicle radiators, profile laths made of synthetic materials for vehicles for the purposes of decoration, unworked or semi-worked leather and animal skins, imitations of leather, stout leather, leather used for linings, goods made of leather, imitations of leather or other materials, designed for carrying items, bags, wallets, boxes and trunks made of leather or stout leather, keycases, trunks [luggage], suitcases, umbrellas, parasols, sun umbrellas, walking sticks, whips, harness, saddlery, stirrups, straps of leather (saddlery), sand, gravel, crushed stone, asphalt, bitumen, cement, gypsum, plaster, concrete, marble blocks for construction, building materials (as finished products) made of concrete, gypsum, clay, potters' clay, stone, marble, wood, plastics and synthetic materials for building,

construction, road construction purposes, non-metallic buildings, non-metallic building materials, poles, not of metal for power lines, barriers not of metal, natural and synthetic coverings in the form of panels and sheets, being building materials, bitumen cardboard for roofing, bitumen covering for roofing, doors and windows of wood and synthetic materials, traffic signs not of metal, non-luminous and non-mechanical, for roads, monuments and statuettes of stone, concrete and marble, building glass, prefabricated swimming pools not of metal (structures), aquarium sand, furniture, made of any kind of material, mattresses, pillows, air mattresses and cushions, not for medical purposes, water beds, mirrors, beehives, artificial honeycombs and sections of wood for honeycombs, bouncing chairs for babies, playpens for babies, cradles, infant walkers, display boards, frames for pictures and paintings, identity plates, identification bracelets, name plates, identification tags, made of wood or synthetic materials packaging containers of wood or plastics, casks for use in transportation or storage, barrels, storage drums, tanks, boxes, storage containers, transportation containers, chests, loading pallets and closures for the aforementioned goods, of wood or plastics, small hardware goods of wood or synthetic materials furniture fittings, of wood or synthetic materials, opening and closing mechanisms of wood or synthetic materials, ornaments and decorative goods of wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum, beeswax, plastic or plaster namely figurines, holiday ornaments for walls, sculptures, trophies, baskets, not of metal, fishing baskets, kennels, nesting boxes and beds for household pets, portable ladders and mobile boarding stairs of wood or synthetic materials, bamboo curtains, roller indoor blinds [for interiors], slatted indoor blinds, vertical indoor blinds, bead curtains for decoration, curtain hooks, curtain rings, curtain tie-backs, curtain rods, non-metal wheel chocks, hand-operated non-electric cleaning instruments and appliances: brushes, except paintbrushes, steel chips for cleaning, sponges for cleaning, steel wool for cleaning, cloths of textile for cleaning, gloves for dishwashing, non-electric polishing machines for household purposes, brooms for carpets, mops, toothbrushes, electric toothbrushes, dental floss, shaving brushes, hair brushes, combs, non-electric household or kitchen utensils, [other than forks, knives, spoons], services

[dishes], pots and pans, bottle openers, flower pots, drinking straws, non-electric cooking utensils, ironing boards and shaped covers therefor, drying racks for washing, clothes drying hangers, cages for household pets, indoor aquariums, vivariums and indoor terrariums for animals and plant cultivation, ornaments and decorative goods of glass, porcelain, earthenware or clay namely statues, figurines, vases and trophies, mouse traps, insect traps, electric devices for attracting and killing flies and insects, fly catchers, fly swatters, perfume burners, perfume sprayers, perfume vaporizers, electric or non-electric make-up removing appliances, powder puffs, toilet cases, nozzles for sprinkler hose, nozzles for watering cans, watering devices, garden watering cans, unworked or semi-worked glass, except building glass, mosaics of glass and powdered glass for decoration, except for building, glass wool other than for insulation or textile use, ropes, strings, rope ladders, hammocks, fishing nets, tents, awnings, tarpaulins, sails, vehicle covers, not fitted, bags of textile, for packaging, padding and stuffing materials, except of rubber and plastics, including those of wool and cotton, synthetic fibers for textile use, raw spun fiber, glass fibers for textile use, yarns and threads for textile use, threads and yarns for sewing, embroidery and knitting, thread, elastic yarns and threads for textile use, woven or non-woven textile fabrics, textile goods for household use, curtains, bed covers, sheets (textile), pillowcases, blankets, quilts, towels, flags, pennants, labels of textile, swaddling blankets, sleeping bags for camping, clothing, including underwear and outerclothing, other than special purpose protective clothing, socks, mufflers [clothing], shawls, bandanas, scarves, belts [clothing], footwear, shoes, slippers, sandals, headgear, hats, caps with visors, berets, caps [headwear], skull caps, laces and embroidery, guipure lace, festoons, ribbons (haberdashery), ribbons and braid, reinforcing tapes for clothing, cords for clothing, letters and numerals for marking linen, embroidered emblems, badges for wear, not of precious metal, shoulder pads for clothing, buttons for clothing, fastenings for clothing, eyelets for clothing, zippers, buckles for shoes and belts, rivet buttons, adhesive tapes [haberdashery], fasteners, pins, other than jewellery, needles, sewing needles, lacing needles, needles for knitting and embroidery, boxes for needles, needle cushions, artificial flowers, artificial fruits,

hair pins, hair buckles, hair bands, decorative articles for the hair, not made of precious metal, wigs, hair extensions, electric or non-electric hair curlers, other than hand implements, carpets, rugs, mats, prayer rugs, linoleum, artificial turf, linoleum for covering floors, gymnasium mats, wallpaper, wall hangings not of textile, games and toys, arcade video game machines, game apparatus and machines for use with an external display screen and monitor, including those coin-operated, toys for animals, toys for outdoor playgrounds, parks and game parks, gymnastic and sporting articles, fishing tackle, artificial fishing bait, decoys for hunting and fishing, artificial christmas trees, ornaments for christmas trees, artificial snow for christmas trees, rattles (playthings), novelties for parties, novelty toys for playing jokes and for parties, paper party hats, meat, fish, poultry and game, processed meat products, dried pulses, soups, bouillon, processed olives, olive paste, milks of animal origin, milks of herbal origin, milk products, butter, edible oils, dried, preserved, frozen, cooked, smoked or salted fruits and vegetables, tomato paste, prepared nuts and dried fruits as snacks, hazelnut spreads and peanut butter, tahini (sesame seed paste), eggs and powdered eggs, potato chips, coffee, cocoa, coffee or cocoa based beverages, chocolate based beverages, pasta, stuffed dumplings, noodles, pastries and bakery products based on flour, desserts based on flour and chocolate, bread, simit [turkish ring-shaped bagel covered with sesame seeds], po?aça [turkish bagel], pita, sandwiches, katmer [turkish pastry], pies, cakes, baklava [turkish dessert based on dough coated with syrup], kaday?f [turkish dessert based on dough], desserts based on dough coated with syrup, puddings, custard, kazandibi [turkish pudding], rice pudding, ke?kül [turkish pudding], honey, bee glue for human consumption, propolis for food purposes, condiments for foodstuff, vanilla (flavoring), spices, sauces (condiments), tomato sauce, yeast, baking powder, flour, semolina, starch for food, sugar, cube sugar, powdered sugar, tea, iced tea, confectionery, chocolate, biscuits, crackers, wafers, chewing gums, ice-cream, edible ices, salt, cereal-based snack food, popcorn, crushed oats, corn chips, breakfast cereals, processed wheat for human consumption, crushed barley for human consumption, processed oats for human consumption, processed rye for human consumption, rice, molasses for food, agricultural and horticultural products, seeds, forestry

products, live animals, fertilized eggs for hatching, plants, dried plants for decoration, fresh garden herbs, dried garden herbs for decoration, animal foodstuffs, malt not for human consumption, underlays for pets, cat litters, beers, preparations for making beer, mineral water, spring water, table water, soda water, fruit juices and vegetable juices [beverages], fruit and vegetable concentrates for making beverages and non-alcoholic fruit extracts for making beverages, soft drinks, energy drinks, protein-enriched sports beverages alcoholic beverages (except beers), wines, raki [traditional turkish alcoholic drink], whisky, liqueurs, alcoholic cocktails, tobacco, chewing tobacco, cigarettes, cigars, smokers' articles including those made of precious metals: pipes, mouthpieces for cigars and cigarettes, ashtrays, tobacco boxes, pocket apparatus for rolling cigarettes, cigarette paper, tobacco pipes, firestones, lighters for smokers, electronic cigarettes and their cartridges, matches, enabling customers to conveniently view and purchase those goods, such services may be provided by retail stores, wholesale outlets, by means of electronic media or through mail order catalogues.~43 - Services for providing food and drink, temporary accommodation, reservation of temporary accommodation, rental of rooms for wedding ceremonies, providing rooms for conferences and various meetings, day-nurseries (crèches), boarding for animals.

Trademark Description: Brown, white, black, purple and yellow.The mark consists of the dark brown wording surrounded by a light brown line of "Cad?’n?n Evi" on right. There is a light brown witch hat with dark brown sash.

ELECTIMUSS

International Trademark Registration

No.: 1863046 Date: 2025/04/24
Holder's Name: Electimuss Limited
Holder's Address: 82 St. John Street London EC1M 4JN (GB)

Class(es) :	Goods and Services:
3	3 - Perfumery; deodorants for personal use; eau de parfum; toilet waters, eau de cologne; extrait de parfums; pure parfums; aftershave preparations; home fragrances; reed diffusers.

Trademark Description:
Disclaimer:

Anyone who wishes to object to the protection of this mark in the UAE must inform the Trademarks and Intellectual Property Works Departments in writing, on the Ministry of Economy website,within 30 days from the date of issuance of this Trademark Bulletin.

No.: 1863274	Date: 2025/05/29
Holder's Name:	Universal Protein Supplements Corporation
Holder's Address:	3 Terminal Road New Brunswick NJ 08901 (US)
Class(es) :	Goods and Services:
5	5 - Dietary and nutritional supplements.
Trademark Description:	The color(s) yellow is/are claimed as a feature of the mark.The mark consists of the word UNIVERSAL in stylized font, where the letter A is an upside down V, and the word UNIVERSAL is above a stylized letter U incorporating a circle rendering the U a representation of an exercising human figure, all in yellow.

Class(es) :	Goods and Services:
7~9~11~12~35~36~37~38~39~40~41~42~43	7 - Electricity generators; electrical generating machines; engines and motors for the generation of electricity; uninterruptible power supply generating machines; pumps and compressors being parts of machines, motors and engines; compressors; machines and machine tools for treatment of materials and for manufacturing; cutting, drilling, abrading, sharpening and surface treatment machines and apparatus; knife sharpening machines; machines, machine tools, and power-operated tools and apparatus, for fastening and joining; welding and soldering machines and devices; welding machines; machine tools; electrically driven machine tools; electric tin openers; power operated tools; food and beverage processing and preparation machines and apparatus; electric kitchen machines; kitchen grinders, electric; electric food grinders; kneading machines; beaters, electric; electric fruit presses; juice extractors; juice centrifuges; meat mincing machines [electric machines]; food cutting machines; machines for preparing food [industrial]; machines for making aerated beverages [electric]; beverage pumps; waste management and recycling machines; waste grinders and waste presses [electric waste disposal units]; garbage disposals; compressors

[compactors] for waste collection containers; moving and handling equipment; conveyors and conveyor belts; materials handling conveyors; industrial conveyors; sorting machines for industry; belts for conveyors; band conveyors; belt conveyors; automatic conveyor installations; roller conveyors; packaging machines; electrical apparatus for sealing plastics [packaging]; lifting and hoisting equipment, elevators and escalators; spindle hoists; opening and closing mechanisms; electrically operated drives for drawing curtains; door openers, electric; door closers, electric; transport machines; sorting machines, other than for money; industrial robots; housekeeping robots for household purpose; automated robotic handling apparatus for loading and unloading of goods; indoor self-driving robots for industrial use; robotic arms for industrial purposes; robotic handling apparatus; indoor self-driving robots for industrial use; robotic mechanisms being parts of loading-unloading machines and apparatus; industrial robots with artificial intelligence; industrial robots for use in manufacture; engines, powertrains, and machine parts, and controls for the operation of machines and engines; actuators for dampers; bearings for engines; belt drives; belts for motors and engines; bushings [parts of machines]; compact motor starters; drive shafts, other than for land vehicles; drives for machines; driving devices for machines; electric alternating current motor drives; electric drives for motors [other than for land vehicles]; electric motors, and their parts, not for land vehicles; electric driving motors for machines; electric alternators for machines; electric ignition devices [other than for igniting at a distance]; electric brushes being parts of machines; turbines for power generation; electric propulsion mechanisms for machines; electrical brakes for machines; starting couplings for machines; filters for engines; fuel valves; fuel filters; injectors; electric drives for machine tools; electric power generators; gear boxes being parts of machines; gear boxes, other than for land vehicles; high-

frequency motor spindles with high frequency electric converters and power supply units; hydraulic engines and motors; motors and engines (except for land vehicles); machine coupling and transmission components, except for land vehicles, and parts therefor; motors for machines; power transmission belts for machines, motors and engines used in industrial applications; rotary actuators; soft motor starters; spindles for machine tools; spindle shafts [parts of machines]; spindle shafts [parts of engines]; spindle shafts [parts of motors]; standby generators; starters for motors and engines; valves; dispensing machines; vending machines; vending machines for food and beverages; automatic vending machines; sweeping, cleaning, washing and laundering machines; brushes for vacuum cleaners; clothes washing machines; dishwashers; dust filters and bags for vacuum cleaners; electric shoe polishers; electric window cleaning equipment; hoses for vacuum cleaners; ironing machines and laundry presses; ironing presses; ironing machines; laundry washing machines; machines and apparatus for cleaning, electric; robotic vacuum cleaners; spin dryers; vacuum cleaners; wet and dry vacuum cleaners; chemical processing equipment; parts for all the aforesaid goods, included in this class.~9 - Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; apparatus, instruments and cables for electricity; apparatus and instruments controlling electricity; mains power units (electric -); power-line transmission apparatus; uninterruptable power supply apparatus; electricity mains apparatus; charging stations for electric vehicles; electric car charging piles; wall-mounted

charging stations for electric vehicles; apparatus and instruments for controlling electricity; apparatus and instruments for transforming electricity; apparatus and instruments for controlling the use of electricity; apparatus and instruments for conducting electricity; apparatus and instruments for regulating the distribution of electricity; apparatus and instruments for switching the distribution of electricity; automatic transfer switches; circuit breakers; current breakers; current overload protectors; current transformers; cut-out switches; dimmers for distribution boards; dimmers; distribution boards; distribution boxes; static grounding systems and apparatus; earthing clamps; earth cables; electric adaptors; electric apparatus for commutation; electric breakers [switches]; electric circuit breakers; electric converters; electric power controllers; electric power distribution apparatus; electric power distribution machines; electric power supply units; electric transformers; electrical adapters; electrical circuit breakers; electrical controlling devices; electrical converter; electrical frequency converters; electrical power distribution blocks; electricity control panels; socket boxes; electrical switch boxes; wifi enabled electronic circuit protection device; electronic power supplies; electronic power transformers; electronic relays; instruments for distributing electrical current; inverters [electricity]; inverters for power supply; mains monitoring apparatus (electric -); measuring converters; miniature circuit breakers; overvoltage protectors; panel boards [electricity]; power adaptors; power controllers; rectifiers; relays, electric; switchgear [electric]; surge arresters; switching apparatus (electric-); switching power supply apparatus; tap changers; telerupters; time switches; transformers; voltage converters; voltage surge protectors; apparatus and instruments for accumulating and storing electricity; battery chargers; battery charging devices for motor vehicles; battery charging equipment; chargers for electric accumulators; electric accumulators; electric

batteries; electric-car charger; fast charging plug; fuel cells; electrical and electronic components; electric contactors; motor protection relays; bus bars; capacitors; collectors, electric; communication outlets; conduit couplings [electric]; internal cooling fans for electronic components; current collectors; electric current collectors; current limiters; distribution consoles [electricity]; data processors; distribution pedestals; electric actuators; electric couplings; electric coils; junction boxes; electric light switches; electric power supply sockets; electric resistances; electric reactors; electric sockets; electric valves [thermionic]; electrical cabinet; electrical contacts; electrical circuits and circuit boards, hereunder control circuits; electrical connectors; electrical conductors; electrical control circuits; electrical receivers; electrical disconnectors; electrical terminal blocks; electronic interfaces for motion simulator platforms; fuses; load break isolators; load feeders; mains distribution panels (electric -); motor protection devices; motor starter protectors; overload relays; operation control panels [electric]; overvoltage protection relays; plugs [electric]; push button switches (electrical -); receivers of electronic signals; residual current apparatus; residual current protective devices; sensor switches; socket outlets (electric -); solid-state relays; sockets, plugs and other contacts [electric connections]; semiconductor wafers; switches, electric; terminals [electricity]; uninterruptible power supply apparatus [battery]; voltage dividers; electrical circuits and circuit boards; application processors; wafers for integrated circuits; software programmable microprocessors; integrated circuit modules; electric cables and wires; materials for electricity mains [wires, cables]; communication apparatus; electric charging cables; cable ducts (electric-); electrical conduits; cable connectors; cable boxes (electric-); connections for electric cables; antennas and aerials as components; power strips with movable sockets; electrical filters; measuring, detecting, monitoring and controlling devices; level

switches; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems; diagnostic apparatus, not for medical purposes; electronic control instruments; high frequency transducers; vehicle speed control systems; checking (supervision) apparatus and instruments; digital indicators; controllers and regulators; numerical control apparatus; climate control digital thermostats; control apparatus (automatic-); control apparatus (electric-); control installations (electric-); electric control devices for energy management; electric controllers; electric installations for the remote control of industrial operations; electric power control apparatus; electric thermostats; electronic apparatus for the remote control of signals; electronic control units; energy control devices; energy regulators; industrial automation controls; industrial controls incorporating software; process control apparatus [electric]; programmable controllers; regulating apparatus, electric; sensor controllers; thermostat control apparatus; thermostat controllers; thermostats; wireless remote controls for portable electronic devices and computers; sensors, detectors and monitoring instruments; electrical sensors; sensors; motion sensors; timing sensors; impact sensors; electric sensors; motion controllers; rotation measuring sensors; detectors; interfaces for detectors; internet of things [iot] sensors; humidity sensors; bio-sensors; safety monitoring apparatus [electric]; motion sensing input devices; electric monitoring apparatus; apparatus for monitoring electrical energy consumption; insulation monitoring device; monitoring units [electric]; monitoring apparatus, electric; remote monitoring apparatus; earth leakage monitors; fuse monitoring devices; power monitoring apparatus; testing and quality control devices; testing apparatus not for medical purposes; apparatus for diagnosing electrical power installations; electrical and electronic test apparatus and instruments; insulation testers; measuring devices; telemetry apparatus;

electricity measuring instruments; smart meters; electric current meters; electric flow meters; digital multi-meters; power meters; multimeters; voltage meters; electronic meters; weight measung instruments; kitchen scales; electronic weighing scales for personal use; distance and dimension measuring instruments; lasers for measuring; temperature sensors; speed measuring instruments; temperature measuring instruments; thermometers; electronic timing apparatus; insulation resistance meters; power measuring devices; apparatus and instruments for measuring operating data from electric goods; counters; surveying instruments; measuring transducers; data loggers and recorders; electrical and electronic apparatus and instruments for logging data; information technology and audio-visual, multimedia and photographic devices; data collection apparatus; digital signal processing apparatus; indicator lights; electronic amplifiers; electronic communication equipment and instruments; communications equipment; apparatus for transmission of sound; communication apparatus and instruments; digital signal processors; digital telecommunications apparatus; digital transmitters; electrical transmitters; electronic communications apparatus; electronic signal transmitters; electronic transmitters; radio receiving and transmitting apparatus; radio signal transmitters; signal processing apparatus; signal processors; signal transmission apparatus; signal transmitters; switchboards; telecommunication apparatus; telecommunication equipment; transmitters; network communication apparatus; computer networking and data communications equipment; apparatus for the transmission of data; controllers; data communications apparatus; data communications hardware; data switching apparatus; data transmission networks; electrical and electronic apparatus for the reception of data; electrical and electronic apparatus for the transmission of data; ethernet controllers; ethernet hardware; ethernet switches; intelligent gateways for real-time data analysis; intelligent gateways for

communication; internet of things [iot] gateways; lan access points; mobile data communication apparatus; network communication devices; network controlling apparatus; routers; communications networks; data networks; electrical and electronic instruments for storing data; blank digital recording and storage media; analogue recording and storage media; optical emitters; signal cables for it, av and telecommunication; data cables; network cabling; point-to-point communications equipment; intercoms; data processing equipment and accessories (electrical and mechanical); apparatus for the processing of data; computer peripheral devices; data entry terminals; data processing systems; data processing apparatus and instruments; electric power analyzers; electrical and electronic apparatus for processing data; electronic control systems; physical analysing apparatus [other than for medical use]; programmable logic controller; virtual reality hardware; peripherals adapted for use with computers, electrical products and smartphones (Term considered too vague by the International Bureau pursuant to Rule 13 (2) (b) of the Regulations); display terminals; monitors; computers and computer hardware; application specific integrated circuits; augmented reality computer hardware; computer hardware for signal processing of audio and video; computer hardware modules for use in electronic devices using the internet of things [iot]; computer hardware modules for use with the internet of things [iot]; computers for use in data management; computers for autonomous-driving vehicles; graphical display; interface cards for data processing apparatus; memory devices for use with data processing apparatus; computer components and parts; computer buses; central processing units; data bus interface units; analog input/output [i/o] modules; digital input/output [i/o] modules; computer sub-assemblies; components for computers; data capture apparatus; audio/visual and photographic devices; image capturing and developing devices; apparatus

for recording images; cameras; x-ray tubes not for medical purposes; photographic apparatus; apparatus and instruments for processing images; audio devices and radio receivers; apparatus for recording sound; apparatus for receiving sound; radio monitors for reproduction of sound and signals; loudspeakers; electroacoustic amplifiers; electroacoustic emphasisers; electroacoustic transducers; electroacoustic convertors; apparatus for reproduction of sound; headphones; microphones; speaker enclosures; display devices, television receivers and film and video devices; surveillance cameras; apparatus for reproduction of images; cinematographic apparatus; video cameras; visual monitoring apparatus; data storage devices and media; electrical and electronic apparatus for storing data; magnetic data carriers; data carriers; digital data recording media; digital recording media; machine readable data carriers; keyboards; downloadable and recorded content; software; software for monitoring, analysing, controlling and running physical world operations; application software for robots; building management software; computer programs for use in autonomous driving of vehicles; computer programs for use in autonomous control of vehicles; environmental monitoring software; environmental control software; computer software for analysing, monitoring and uptimizing product lifecycles; computer software for analysing, monitoring and assessing environmental impacts of products; computer software for collecting, aggregating, analyzing and assessing data; computer software for the control of lighting; computer software for use in remote meter monitoring; downloadable computer software for remote monitoring, operation and analysis; computer software for monitoring, operation and analysis of industrial plants and facilities; computer software for monitoring, operation and analysis of electrical, electronic, information technology, medical engineering, precision engineering, optical, physical, chemical and mechanical engineering products, equipment

and devices; computer software for monitoring, operation and analysis of generators, motors, engines and moving and handling equipment; computer software for monitoring, operation and analysis of sweeping, cleaning, washing and laundering machines; computer software for monitoring, operation and analysis of food and beverage processing and preparation machines and apparatus; computer software for monitoring, operation and analysis of cooking, heating, cooling and preservation equipment, for food and beverages; computer software for monitoring, operation and analysis of refrigerating and freezing equipment and drying installations; computer software for monitoring, operation and analysis of apparatus, instruments and cables for electricity; computer software for monitoring, operation and analysis of charging stations for vehicles; computer software for monitoring, operation and analysis of apparatus and instruments for controlling, accumulating and storing electricity; computer software for monitoring, operation and analysis of electrical and electronic components; computer software for monitoring, operation and analysis of measuring, detecting, monitoring and controlling devices; computer software for monitoring, operation and analysis of safety, security, protection and signalling devices; computer software for monitoring, operation and analysis of medical, laboratory and diagnostic machines, instruments, apparatus and equipment; computer software for monitoring, operation and analysis of heating, ventilating, and air conditioning and purification equipment (ambient); computer software for monitoring, operation and analysis of sanitary installations, water supply and sanitation equipment; computer software for monitoring, operation and analysis of rail infrastructure and rail vehicles; computer software for monitoring, operation and analysis of audio-visual, multimedia and photographic devices; computer software for monitoring, operation and analysis of data processing equipment and accessories (electrical

and mechanical); computer software for monitoring, operation and analysis of computers and computer hardware; computer software for monitoring, operation and analysis of communications equipment; computer software for monitoring, operation and analysis of telecommunication apparatus; computer software for monitoring, operation and analysis of building products; computer software for monitoring, operation and analysis of robots; electrical engineering software; factory automation software; industrial process control software; lighting control software for use in commercial and industrial facilities; civil engineering software; chemical engineering software; mechanical engineering software; machine control software; industrial automation software; electromechanical software; manufacturing software; motion control software; planning software; process control software; product engineering software; robotic process automation [rpa] software; software for the planning, integration and optimisation of smart city applications; software for remote monitoring of vehicles and rail infrastructure; software to control building environmental, access and security systems; vehicle control software; system and system support software, and firmware; computer interface apparatus; computer interface software; graphical user interface software; hardware reliability software; hardware testing software; interface software; maintenance software; optimization software; predictive maintenance software; software for diagnostics and troubleshooting; software for operating and managing integrated circuit components; software for remote diagnostics; software testing software; control software; downloadable computer security software; software for network and device security; computer software for use in computer access control; computer software for the monitoring of computer systems; sensory software; firmware and device drivers; operating systems; computer operating systems; application software; application

simulation software; simulation software; vehicle simulation software; fire detection software; application software for cloud computing services; computer software to enable searching of data; digital dashboard software; diagramming software; downloadable application software for virtual environments; industrial software; computer-aided manufacturing [cam] software; computer-aided engineering [cae] software; machine-to-machine [m2m] applications; risk detection software; computer-aided design (cad) software; product design software; workflow applications; computer software for application and database integration and management; computer software for computer aided software engineering; downloadable computer software applications for minting non-fungible tokens [nfts]; testing software; training software; media and publishing software; software for processing digital images; computer software for recording sound; multimedia software; data and file management and database software; big data management software; cloud software; computer software for database management; computer software for document management; file sharing software; computer software for analysing and processing market information; database management software; computer software for creating searchable databases of information and data; downloadable computer software for the management of data and information; computer software for producing financial models; software for the integration of artificial intelligence and machine learning in the field of big data; data management software; communication, networking and social networking software; network management software; community software; communication software; computer software for communication between computers over a local network; computer software for the remote control of security apparatus; computer software for the remote control of electric lighting apparatus; telecommunications software; data communications software; office and business applications; business

management software; business process management [bpm] software; computer programms relating to financial matters; computer software for advertising; computer software relating to the handling of business and financial transactions; enterprise application software [eas]; enterprise content management [ecm] software; enterprise resource planning [erp] software; financial management software; inventory software; logistics software; market prediction software; product lifecycle management software; project management software; software for the analysis of business data; supply chain management software; downloadable computer software for remote monitoring and analysis; workflow software; computer software designed to estimate resource requirements; computer software designed to estimate costs; mobile apps; ticketing apps; smart home apps; commissioning and maintenance support apps; diagnostic apps; configurations apps; apps for fire panels; installation apps; asset management apps; electrical vehicle charging management apps; electricity consumation apps; construction management apps; inspections apps; data management apps; energy management apps; access control apps; asset monitoring apps; augmented reality apps; simulation apps; customer support apps; digital assistant apps; timetable apps; capacity planning apps; booking apps; resource planning apps; apps for household and kitchen machines; computer software for use as an application programming interface (api); web application and server software; content management software; computer software to enable the provision of information via the internet and communications networks; cloud computing software; computer application software for use in implementing the internet of things [iot]; e-commerce and e-payment software; virtual and augmented reality software; augmented reality software for simulation; virtual reality software for simulation; artificial intelligence and machine learning software; machine learning software for

analysis; machine learning software; smart home software; smart house software; virtual assistant software; artificial intelligence software; interactive software based on artificial intelligence; artificial intelligence and machine learning software for maintenance and diagnostic; artificial intelligence software for analysis; downloadable computer software for collecting, analyzing and organizing data in the field of deep learning; utility, security and cryptography software; computer software for testing vulnerability in computers and computer networks; software for network and device security; security software; computer games software; downloadable computer software for community management, sustainability management, computerized maintenance management systems, strategic asset management, enterprise asset management and application performance monitoring; interactive computer software; computer programs for use in telecommunications; timetables (electronic-); computer programs for data processing; data processing software; media content; downloadable graphic design templates; downloadable electronic newsletters; photographs (recorded or downloadable); recorded media; downloadable media; recorded or downloadable videos and video files; recorded or downloadable audio files and audio books; electronic publications; downloadable digital image files authenticated by non-fungible tokens [nfts]; databases; eletronic databases; interactive databases; data sets, recorded or downloadable; recorded data files; recorded computer software; downloadable multimedia files; downloadable software; data processing programs; computer software platforms, recorded or downloadable; smoke sensors; security control apparatus; sprinkler systems for fire protection; safety, security, protection and signalling devices; fire-extinguishing systems; alarms and warning equipment; alarm sensors; security alarms; security cameras; safety alarms [other than for vehicles]; alarm monitoring systems; alarm systems; alarm signalling transmitters; alarm signalling receivers;

protective and safety equipment; fire protection apparatus; automatic fire extinguishing apparatus; railway traffic safety appliances; protection devices against x-rays, not for medical purposes; access control devices; safety locking devices [electric]; access control installations (automatic-); biometric scanners; electronic locks; smart door locks; biometric fingerprint door locks; card operated electronic locks; wireless locks; password protected locks; access control systems (electric-); signalling apparatus and instruments; electric door bells; electrical signaling apparatus; emergency signal transmitters and receivers; signaling columns; railway signals; railway signal transmitters and receivers; railway traffic-light apparatus [signalling devices]; railway vehicle traffic signals; signalling panels, luminous or mechanical; remote terminal units; scientific research and laboratory apparatus, educational apparatus and simulators; apparatus for analysing gases; laboratory apparatus and instruments; laboratory filters; laboratory trays; laboratory robots; magnets, magnetizers and demagnetizers; navigation, guidance, tracking, targeting and map making devices; steering apparatus, automatic, for vehicles; optical devices, enhancers and correctors; optical enhancers; thermal imaging apparatus [other than for medical use]; lasers; optical apparatus and instruments; electromotive point machines [electric]; equipment for receiving, locating and classifying electromagnetic signals; parts for all the aforesaid goods, included in this class; virtual programmable logic controllers; virtual electrical, electronic, information technology, medical engineering, precision engineering, optical, physical, chemical and mechanical engineering products, equipment and devices; virtual generators, motors, engines and moving and handling equipment; virtual sweeping, cleaning, washing and laundering machines; virtual food and beverage processing and preparation machines and apparatus; virtual cooking, heating, cooling and preservation equipment, for food and beverages; virtual refrigerating and freezing

equipment and drying installations; virtual apparatus, instruments and cables for electricity; virtual charging stations for vehicles; virtual apparatus and instruments for controlling, accumulating and storing electricity; virtual electrical and electronic components; virtual measuring, detecting, monitoring and controlling devices; virtual safety, security, protection and signalling devices; virtual industrial plants and industrial facilities; virtual heating, ventilating, and air conditioning and purification equipment (ambient); virtual sanitary installations, water supply and sanitation equipment; virtual rail infrastructure; virtual rail vehicles; virtual audio-visual, multimedia and photographic devices; virtual data processing equipment and accessories (electrical and mechanical); virtual computers and computer hardware; virtual communications equipment; virtual telecommunication apparatus; virtual building products; virtual industrial robots; virtual medical, laboratory and diagnostic machines, instruments, apparatus and equipment; inverters for land vehicles; local area networks; auxiliary power supply apparatus for land vehicles; electronic power supplies for land vehicles.~11 - Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; lighting and lighting reflectors; security lighting; decorative lights; panel lights; electric night lights; infrared lamps, not for medical purposes; regulating and safety accessories for water and gas installations; control units [thermostatic valves] for heating installations; control devices [thermostatic valves] for heating installations; heating, ventilating, and air conditioning and purification equipment (ambient); air filtration installations; air cooling apparatus; HVAC systems (heating, ventilation and air conditioning); filters for air extractor hoods; air conditioning apparatus; bathroom heaters; temperature sensors [thermostatic valves] for central heating radiators; cooling fans; heating apparatus; heat pumps; floor

heating apparatus; apparatus for ventilating; electric fans; air treatment equipment; air humidifiers; air deodorizing apparatus; electric dispensers for air fresheners; air purifying apparatus; cooking, heating, cooling and preservation equipment, for food and beverages; stoves; baking ovens; installations for baking; roasting devices; electric grilling apparatus; electric egg boilers; deep fat fryers (electric); waffle irons, electric; electric coffee makers; electric tea makers; espresso coffee machines; defrosting devices; toasters; electric slow-cookers; microwave ovens; sanitary installations, water supply and sanitation equipment; water heaters; instantaneous water heaters; storage water heaters; immersion heaters; apparatus for water supply; water purification, desalination and conditioning installations; sanitary and bathroom installations and plumbing fixtures; apparatus for sanitary purposes; kitchen sinks; taps; fittings for steam generating, ventilating and water supply installations; refrigerating and freezing equipment; refrigerating apparatus; refrigerators; chest freezers; refrigerated display cabinets; beverage cooling apparatus; fridge-freezers; freezers; ice machines and apparatus; refrigerated beverage dispensers [other than vending] units; drying installations; drying apparatus; tumble dryers; laundry drying machines; personal heating and drying implements; hand dryers; hair dryers; heating pads, electric, not for medical purposes; heating cushions [pads], non-electric, not for medical purposes; electric blankets not for medical purposes; water filters for industrial and household use; air filters for industrial and household use; dust filters for industrial and household use (Term considered too vague by the International Bureau pursuant to Rule 13 (2) (b) of the Regulations); flues and installations for conveying exhaust gases; extractor hoods for kitchens; industrial treatment apparatus and installations; chromatographs for industrial use; gas cleaners and purifiers; parts for all the aforesaid goods, included in this class.~12 - Vehicles and conveyances; land vehicles and

conveyances; driverless [autonomous] motor vehicles; autonomous land vehicles; railbound vehicles; railway carriages; railway rolling stock; remote controlled vehicles; rail vehicles; battery locomotive; battery trains; cab cars; diesel fueled trains; electric locomotives; electric trains; freight trains; hydrogen fueled trains; hydrogen locomotive; locomotives; metros; passenger trains; passenger carriages [rail vehicles]; railway cars; railway coaches; remote controlled rail vehicles; self-generating electric locomotives [diesel-electric locomotives]; trams; human-powered trolleys and carts; trolleys; trolley buses; electrically powered buses; parts and fittings for land vehicles; gearboxes for land vehicles; railway bogies; brakes for land vehicles; gear units for land vehicles; powertrains, including engines and motors, for land vehicles; wheels for railway cars.~35 - Business assistance, management and administrative services; business management and consulting services; business management and administration; business process management and consulting; assistance to industrial or commercial enterprises in the running of their business; operation of businesses [for others]; business management assistance in the operation of industrial plants and facilities for others; providing business management and operational assistance to commercial businesses; supply chain management services; arranging and concluding commercial transactions for others; outsourcing services [business management]; business process management consultancy; outsourcing services [business assistance]; outsourcing services in the field of business operations; business management of logistics for others; customer relationship management; business strategic planning services; management of health care clinics for others; lifecycle costing for business purposes; business advisory, business project management and business information services in the field of community management, sustainability management, computerized maintenance

management systems, strategic asset management, enterprise asset management and application performance monitoring; business strategic planning and business process management, analysis and documentation in the field of community management, sustainability management, computerized maintenance management systems, strategic asset management, enterprise asset management and application performance monitoring; business consultancy and advisory services; assistance and consultancy services in the field of business management of companies in the energy sector; business consultancy; business consultancy relating to the administration of information technology; business consulting; business consulting services for digital transformation; business management consultancy in the field of corporate travel; business management consultancy services; business management consulting services in the field of information technology; business organization consultancy; business planning services; consultancy and advisory services in the field of business strategy; consultancy relating to data processing; professional business consultation relating to the operation of businesses; providing business efficiency advice; business and commercial information services; market research consultancy; providing market intelligence services; market studies; economic forecasting analysis for business purposes; preparation and compilation of business and commercial reports and information; updating of business information on a computer database; business analysis and information services, and market research; business data analysis; market assessment consultancy; administrative support and data processing services; payroll advisory services; payroll preparation; medical billing; data processing, systematisation and management; business records management; acquisition of commercial information; business statistics information; collating of data in computer databases; collection and systematisation of

information into computer databases; collection of data; compilation of data; compilation of statistical data relating to business; compilation of statistical data relating to medical research; compilation and input of information into computer databases; compilation and systemisation of information into computer databases; compilation of data in computer databases; compiling of information into computer databases; compilation of mathematical data; computer database management services; computer data processing; computer databases (systemization of information into -); computer file management; computerised data management; computerized database management; data collection [for others]; data entry and data processing; data management; data processing for the collection of data for business purposes; data processing services; data processing services in the field of payroll; electronic data processing; management and compilation of computerised databases; provision of business statistical information; records management services, namely, document indexing for others; systematization of data in computer databases; updating and maintenance of data in computer databases; accountancy, book keeping and auditing; tracking and monitoring energy consumption for others for account auditing purposes; tax filing services; tax preparation; collection and systematization of information into computer databases; human resources management and recruitment services; human resources management; consultancy and advisory services relating to personnel placement; job and personnel placement; office functions; rental of office machines and equipment; reception services for visitors [office functions]; commercial trading and consumer information services; arranging of commercial and business contacts; advisory services relating to commercial transactions; arranging of contracts, for others, for the purchase and sale of goods and services; business intermediary and advisory services in the field of selling products and rendering services; consultancy

and advisory services relating to the procurement of goods and services; negotiating and concluding commercial transactions for others; outsourcing services in the nature of arranging procurement of goods and services for others; pricing analysis; procurement of contracts [for others]; procurement of contracts for the purchase and sale of goods and services for others; procurement services; provision of an online marketplace for buyers and sellers of goods and services, including software and software services; provision of information concerning commercial sales; auctioneering services; organisation of internet auctions; advertising, marketing and promotional services; targeted marketing; sales promotion for others; real estate marketing; arranging and conducting of promotional events; trade show and commercial exhibition services; organisation of trade fairs; arranging of exhibitions for advertising purposes; conducting virtual trade show exhibitions online; conducting, arranging and organizing trade shows and trade fairs for commercial and advertising purposes; product demonstrations and product display services; presentation of goods on communications media, for retail purposes; demonstration of goods for promotional purposes; advertising, marketing and promotional consultancy, advisory and assistance services; advertising for others; loyalty, incentive and bonus program services; business data analysis relating to planning and operating commercial and industrial installations and equipment; analysis and optimisation of business processes; business analysis and optimisation of industrial work processes; commercial consultancy in the field of business planning; commercial consultancy in the field of shared enterprice resource planning architecture; commercial consultancy in the field of sustainability; providing a marketplace for trading goods authenticated by nfts; consulting relating to database management.~36 - Financial, monetary and banking services; accounts receivables financing; asset management; financial risk

assessment services; financial information, data, advice and consultancy services; financial management services; finance services; financing and funding services; venture capital services; advisory services relating to financial asset management; financial advisory services relating to assets management; financial consultancy in the energy sector; providing financial information; providing financial information via a web site; providing financial information by means of a computer database; providing financial information on-line; financial consultancy services; financial consultancy and advisory services; financial advice relating to tax; advisory services relating to [financial] risk management; consultancy concerning financing of energy projects; financial planning services; loan and credit, and lease-finance services; arranging and providing of loans against security; arranging of credit; asset-based financing; financial guarantee services; financial guarantee and surety services; liability guarantee services; credit arranging; financial guarantee and surety; credit leasing; finance leasing; export credit management; credit (issuing letters of -); issuing of financial guarantees; issuing of letters of credit; management services for loan related transactions; provision of industrial loans; provision of finance for leasing; financial lending; lending against securities; corporate lending; credit agency services; financial rating and provision of credit reports; provision of credit information; financial planning and investment advisory services; debt recovery and factoring services; factoring of debts; factoring of financial undertakings; financial transfers and transactions, and payment services; accounts payable debiting services; securities brokerage account services; monetary transactions; investment services; investment asset management; capital investment; fund investment services; administration of investment funds; financial management of funds; funds management services; valuation services; providing information, consultancy and advice in the field of financial

valuation; insurance services; insurance brokerage services; brokerage advisory services relating to insurance; advisory services relating to insurance claims; arranging insurance; brokerage services; consultancy and brokerage services relating to accident insurance; insurance advisory services; insurance agency and brokerage; insurance underwriting; warranty services; warranty programme services; real estate services; real estate affairs; real estate management; rental of real estate and property; rental of office space; rental of offices for co-working; rental and lease of factory buildings; renting of flats; fundraising and financial sponsorship; charitable fund raising; collection of donations for charitable purposes; rental of office space for laboratories and production facilities; provision of temporary office facilities.~37 - Advisory services relating to the installation of building automation equipment; advisory services relating to the installation, maintenance and repair of mechanical and electrical equipment and electrotechnical installations; reconditioning of industrial machinery; reconditioning machines that are worn or partially destroyed; installation, repair and maintenance of apparatus and instruments for regulating electricity; installation, repair and maintenance of electrical equipment and electrotechnical installations; machinery retrofit and conversion services; mains laying; maintenance and repair of access control systems; maintenance of commercial electrical systems; maintenance of electronic apparatus; maintenance of industrial machinery; repair or maintenance of electric motors; repair or maintenance of power distribution or control machines and apparatus; rental and lease of building technology and building automation apparatus and equipment for use in construction; servicing of mains services; maintenance services relating to computer hardware; computer hardware and telecommunication apparatus installation, maintenance and repair; installation, maintenance and repair of telecommunications equipment, machines and apparatus; installing, maintenance

and repair of telecommunications networks; installation of wireless telecommunications equipment and wireless local area networks; maintenance and repair of data communications networks; wiring of buildings for telecommunication transmission; diagnostic maintenance services for computers; alarm, lock and safe installation, maintenance and repair; installation of access control systems; installation of industrial fire protection apparatus; installation of passive fire protection apparatus; installation of active fire protection apparatus; building maintenance and repair; maintenance services for industrial plants; plant maintenance; hvac (heating, ventilation and air conditioning) installation, maintenance and repair; retrofitting of heating, ventilating and air conditioning installations in buildings; vehicle repair, maintenance, and refuelling; installation of parts for vehicles; commissioning of vehicles; assembly [installation] of parts for vehicles; repair of vehicles; vehicle repair consultancy; maintenance of vehicles; overhaul of vehicles; refurbishment of vehicles; restoration of vehicles; inspection of vehicles prior to maintenance and repair; diagnostic services for vehicles; information relating to repair services; providing information relating to repairs; maintenance of machine tools, generators, motors, engines and moving and handling equipment via remote monitoring systems; maintenance of industrial robots via remote monitoring systems; maintenance of sweeping, cleaning, washing and laundering machines and food and beverage processing and preparation machines and apparatus via remote monitoring systems; maintenance of cooking, heating, cooling and preservation equipment, for food and beverages, refrigerating and freezing equipment and drying installations via remote monitoring systems; maintenance of apparatus, instruments and cables for electricity, including charging stations for vehicles via remote monitoring systems; maintenance of apparatus and instruments for controlling, accumulating and

storing electricity and electrical and electronic components via remote monitoring systems; maintenance of measuring, detecting, monitoring and controlling devices via remote monitoring systems; maintenance of safety, security, protection and signaling devices via remote monitoring systems; maintenance of industrial plants and industrial facilities via remote monitoring systems; maintenance of heating, ventilating, and air conditioning and purification equipment (ambient) and sanitary installations, water supply and sanitation equipment via remote monitoring systems; maintenance of rail infrastructure, railway signaling apparatus, railway lines, railway auxiliary electrical equipment, railway safety apparatus and rail vehicles via remote monitoring systems; maintenance of audio-visual, multimedia and photographic devices via remote monitoring systems; maintenance of data processing equipment and accessories (electrical and mechanical), computers and computer hardware and communications equipment and telecommunication apparatus via remote monitoring systems; maintenance of building automation products via remote monitoring systems; maintenance of medical, laboratory and diagnostic machines, instruments, apparatus and equipment via remote monitoring systems; rental of tools, machines and equipment for construction and demolition purposes; rental of battery chargers; building, construction and demolition; power infrastructure construction; supervision of construction; construction project management services; construction consultancy; construction information; charging of batteries and power storage devices, and rental of equipment therefor; charging of electric vehicles; vehicle battery charging; rental and lease of battery chargers for electric vehicles; battery charging services for motor vehicles; rental and lease of electrically driven machine tools (Term considered too vague by the International Bureau pursuant to Rule 13 (2) (b) of the Regulations); rental and lease of battery chargers; rental and lease

of sweeping, cleaning, washing and laundering machines; installation, assembly, servicing, maintenance, renovation, retrofitting and repair of electrical, electronic, information technology, medical engineering, precision engineering, optical, physical, chemical and mechanical engineering installations, products, apparatus, equipment and devices and providing information and advice relating thereto; installation, assembly, servicing, maintenance, renovation, retrofitting and repair of machines, machine tools, generators, motors, engines and moving and handling equipment and providing information and advice relating thereto; installation, assembly, servicing, maintenance, renovation, retrofitting and repair of industrial robots and providing information and advice relating thereto; installation, assembly, servicing, maintenance, renovation, retrofitting and repair of sweeping, cleaning, washing and laundering machines and food and beverage processing and preparation machines and apparatus and providing information and advice relating thereto; installation, assembly, servicing, maintenance, renovation, retrofitting and repair of cooking, heating, cooling and preservation equipment, for food and beverages, refrigerating and freezing equipment and drying installations and providing information and advice relating thereto; installation, assembly, servicing, maintenance, renovation, retrofitting and repair of apparatus, instruments and cables for electricity, including charging stations for vehicles and providing information and advice relating thereto; installation, assembly, servicing, maintenance, renovation, retrofitting and repair of apparatus and instruments for controlling, accumulating and storing electricity and electrical and electronic components and providing information and advice relating thereto; installation, assembly, servicing, maintenance, renovation, retrofitting and repair of measuring, detecting, monitoring and controlling devices and providing information and advice relating thereto; installation, assembly, servicing, maintenance, renovation,

retrofitting and repair of safety, security, protection and signalling devices and providing information and advice relating thereto; installation, assembly, servicing, maintenance, renovation, retrofitting and repair of industrial plants and industrial facilities and providing information and advice relating thereto; installation, assembly, servicing, maintenance, renovation, retrofitting and repair of heating, ventilating, and air conditioning and purification equipment (ambient) and sanitary installations, water supply and sanitation equipment and providing information and advice relating thereto; installation, assembly, servicing, maintenance, renovation, retrofitting and repair of rail infrastructure, railway signalling apparatus, railway lines, railway auxiliary electrical equipment, railway safety apparatus and rail vehicles and providing information and advice relating thereto; installation, assembly, servicing, maintenance, renovation, retrofitting and repair of audio-visual, multimedia and photographic devices and providing information and advice relating thereto; installation, assembly, servicing, maintenance, renovation, retrofitting and repair of data processing equipment and accessories (electrical and mechanical), computers and computer hardware and communications equipment and telecommunication apparatus and providing information and advice relating thereto; installation, assembly, servicing, maintenance, renovation, retrofitting and repair in the field of building technology and automation and providing information and advice relating thereto; installation, assembly, servicing, maintenance, renovation, retrofitting and repair of medical, laboratory and diagnostic machines, instruments, apparatus and equipment and providing information and advice relating thereto; all the aforesaid services also with the support of communication technology, in particular internet technology.~38 - Telecommunication services; providing high speed access to computer and communication networks; communications services; electronic transmission

of images; transmission of messages, data and content via the internet and other computer and communications networks; providing access to telecommunication networks; providing wireless telecommunications via electronic communications networks; rental of telecommunication devices and equipment enabling connection to networks; telecommunications services provided via fiber optic, wireless and cable networks; telephone services; communications by computer and providing access to the internet; communications by computer; computer-aided transmission of information and images; computer-aided transmission of data; computer communication services; computer communications for the transmission of information; computer data transmission services; computerised communication services; data communication services; data transmission; electronic bulletin board services [telecommunications services]; electronic data transmission; electronic data exchange; electronic data interchange [edi] services; internet communication; local area networks (operation of -); local area networks (leasing of -); providing access to information via data networks; providing access to data in computer networks; providing internet chatrooms and internet forums; providing voice communication services over the internet; sending and receiving of messages [by electronic means]; transmission of data; transmission of digital files; transferring information and data via computer networks and the internet; transmission of information via computer networks; wireless transfer of data via the internet; provision of communication facilities for the interchange of data by electronic means; provision of telecommunications connections to the internet or computer databases; provision of access to content, websites and portals; provision of access to an electronic marketplace [portal] on computer networks; providing access to e-commerce platforms on the internet; providing access to platforms and portals on the internet; providing

telecommunications connections to databases; providing access to databases; provision and rental of telecommunications facilities and equipment; rental and lease of telecommunications apparatus; rental and lease of computer communication apparatus and instruments; rental and lease of communication apparatus and implements; rental and lease of signalling apparatus; rental and lease of railway signalling apparatus.~39 - Transport information, advice and reservation services; services for the booking of travel; travel consultancy; travel arrangement services; travel ticket reservation services; fares (provision of information relating to-); advisory services relating to transport; transport; travel and passenger transportation; transportation and delivery of goods; arranging the transportation of goods; arranging of transport; transportation logistics; cargo handling and freight services; rental services related to vehicles, transportation, and storage; rental of means of transportation; rental of vehicles; rental of trains; rental of railway vehicles; rental of trams; leasing of trains; rental and leasing of train infrastructure; arranging vehicle rental; vehicle leasing services; rental of space, structures, units and containers, for storage and transportation; rental of warehouses, warehouse space, storage sites and storage units; distribution by pipeline and cable; information and advisory services in relation to the distribution of energy; packaging and storage of goods; consultancy services relating to storage; advisory services relating to the storage of goods; storage of baggage; storage of cargo; rental and lease of railway infrastructure and railway lines, required to process rail transport.~40 - 3d printing; 3d printing services; recycling and waste treatment; upcycling [waste recycling]; consultancy relating to the recycling of waste and trash; recycling and upcycling of electrical, electronic, information technology, medical engineering, precision engineering, optical, physical, chemical and mechanical engineering products, apparatus, equipment and devices; recycling and upcycling of

machines, machine tools, generators, motors, engines and moving and handling equipment; recycling and upcycling of industrial robots; recycling and upcycling of sweeping, cleaning, washing and laundering machines and food and beverage processing and preparation machines and apparatus; recycling and upcycling of cooking, heating, cooling and preservation equipment, for food and beverages, refrigerating and freezing equipment and drying installations; recycling and upcycling of apparatus, instruments and cables for electricity, including charging stations for vehicles; recycling and upcycling of apparatus and instruments for controlling, accumulating and storing electricity and electrical and electronic components; recycling and upcycling of measuring, detecting, monitoring and controlling devices; recycling and upcycling of safety, security, protection and signalling devices; recycling and upcycling of industrial plants and industrial facilities; recycling and upcycling of heating, ventilating, and air conditioning and purification equipment (ambient) and sanitary installations, water supply and sanitation equipment; recycling and upcycling of rail infrastructure and rail vehicles; recycling and upcycling of audio-visual, multimedia and photographic devices; recycling and upcycling of data processing equipment and accessories (electrical and mechanical), computers and computer hardware and communications equipment and telecommunication apparatus; recycling and upcycling of building technology and automation equipment and apparatus; recycling and upcycling of medical, laboratory and diagnostic machines, instruments, apparatus and equipment; rental of equipment for the treatment and transformation of materials, for energy production and for custom manufacturing; rental and lease of industrial robots for use in manufacturing; rental and lease of water and air purification equipment; rental and lease of air-conditioning apparatus; rental and lease of heating apparatus; rental and lease of generators; rental and lease of food and beverage

processing and preparation machines and apparatus; rental and lease of of heating, cooling and preservation equipment, for food and beverages, refrigerating and freezing equipment and drying installations; rental and lease of electricity generators; rental and lease of industrial motors and engines, not for electric vehicles (Term considered too vague by the International Bureau pursuant to Rule 13 (2) (b) of the Regulations); rental and lease of cables for conducting electricity (Term considered too vague by the International Bureau pursuant to Rule 13 (2) (b) of the Regulations); rental and lease of apparatus and instruments for regulating and transforming electricity, in particular rental and lease of electric transformers, electrical converters, electrical switches and circuit breakers (Term considered too vague by the International Bureau pursuant to Rule 13 (2) (b) of the Regulations); rental and lease of apparatus and instruments for controlling the use of electricity, in particular rental and lease of electric power controllers and electric power distribution apparatus (Term considered too vague by the International Bureau pursuant to Rule 13 (2) (b) of the Regulations); rental and lease of apparatus and instruments for storing electricity, in particular rental and lease of batteries, accumulators and capacitors; rental and lease of electric monitoring apparatus (Term considered too vague by the International Bureau pursuant to Rule 13 (2) (b) of the Regulations); rental and lease of electric controllers and electric regulating apparatus (Term considered too vague by the International Bureau pursuant to Rule 13 (2) (b) of the Regulations).~41 - Education, entertainment, and sport services; education and instruction services; academies [education]; arranging and conducting workshops; arranging and conducting training courses; coaching services; colloquiums (arranging and conducting of -); computerised training; instruction; distance learning courses; distance learning services; distance learning services provided online; industrial training; practical training

[demonstration]; providing information in the field of education; providing of further training courses; providing of training; training in the field of operation of software systems; organisation of conferences, exhibitions and competitions; arranging, organisation and conducting of symposiums; arranging, organisation and conducting seminars; arranging, organisation and conducting conferences; arranging, conducting and organisation of congresses; arranging, conducting and organisation of workshops; rental services relating to equipment and facilities for education, entertainment, sports and culture; rental of audio/visual and photographic equipment and facilities; museum services; sports and fitness services; translation and interpretation; language interpretation; translation services; education provided through a virtual environment; publishing, reporting, and writing of texts; electronic online publication of periodicals and books; publication of books and periodicals; publication of manuals.~42 - It services; computer diagnostic services; computer analysis services; computer design and programming services; computer engineering; computer project management in the field of electronic data processing [edp]; data security consultancy; design and development of electronic database software; design and development of data processing systems; design and development of data processing apparatus; design of computer machine and computer software for commercial analysis and reporting; development of systems for the storage of data; development of systems for the transmission of data; research in the field of data processing technology; research in the field of deep learning; research in the field of information technology; computer programming services for the analysis of data; consultancy in the field of data security; consulting relating to database conversion, and technical support of software; conversion and technical support of software for community management, sustainability management, computerized maintenance management systems,

strategic asset management, enterprise asset management and application performance monitoring related thereto; data duplication and conversion services, data coding services; development and testing of computing methods, algorithms and software; hosting, managing and maintaining software applications for community management, sustainability management, computerized maintenance management systems, strategic asset management, enterprise asset management and application performance monitoring; design and development of software for community management, sustainability management, computerized maintenance management systems, strategic asset management, enterprise asset management and application performance monitoring; monitoring of computer systems by remote access; planning, design, development and maintenance of online websites for third parties; research in the field of artificial intelligence; research relating to the computerised automation of industrial processes; research relating to the computerised automation of technical processes; troubleshooting of computer hardware and software problems; software development, programming and implementation; computer programming; advisory and information services relating to computer software; computer software design and development; computer software maintenance services; consultancy relating to computer database programs; design and development of computer hardware for the manufacturing industries; computer programming for the energy industry; creation of control programs for automated measurement, assembly, adjustment, and related visualization; design and development of computer software for procurement, logistics, supply chain management and e-business portals; design and development of computer software for vehicle simulation; design and development of data processing systems and programs; design and development of energy management software; design and development of

operating software for cloud computing networks; design and development of design simulation software; design and development of software for control, regulation and monitoring of solar energy systems; design of computer database software; design of information systems relating to finance; design, development and implementation of computer hardware and software; development of data bases; development of operating system software; development, installation and maintenance of computer database software; installation, updating and maintenance of computer software; maintenance of computer software relating to computer security and prevention of computer risks; programming of edp software; programming of energy management software; programming of software for e-commerce platforms; programming of software for internet platforms; repair of computer software; services for maintenance of computer software; software creation; software engineering; software engineering services; writing of computer programs; hosting services, software as a service, and rental of software; access control as a service (acaas); application service provider (asp); application service provider (asp) services, namely, hosting computer software applications of others; cloud computing; cloud computing services; cloud-based data protection services; cloud hosting provider services; cloud storage services for electronic data; computer and computer software rental; configuration of computer networks by software; configuring computer hardware using software; consulting in the field of cloud computing networks and applications; consulting services in the field of cloud computing; consulting services in the field of software as a service [saas]; creating, maintaining and hosting the web sites of others; electronic storage of data; electronic storage services for archiving databases; hosting computer software applications for others; hosting computer sites; hosting of databases; hosting of mobile applications; hosting of multimedia applications;

hosting platforms on the internet; hosting software platforms for virtual reality-based work collaboration; infrastructure as a service; leasing of computer softrware and data processing systems; platform as a service [paas]; platforms for artificial intelligence as software as a service [saas]; hosting of servers; platforms for graphic design as software as a service [saas]; programming of software for inventory management; providing artificial intelligence computer programs on data networks; providing online, non-downloadable software; providing online non-downloadable computer software for minting non-fungible tokens [nfts]; providing temporary use of non-downloadable software for use in procurement, supply chain management, logistics management and e-business portals; providing temporary use of non-downloadable software; providing temporary use of non-downloadable software for analyzing financial data and generating reports; providing temporary use of on-line non-downloadable software; providing temporary use of online non-downloadable computer software for collecting, analyzing and organizing data in the field of deep learning; providing temporary use of online non-downloadable software for accessing and using a cloud computing network; providing temporary use of on-line non-downloadable software for inventory management; providing temporary use of on-line non-downloadable software for processing electronic payments; providing temporary use of on-line non-downloadable software for the management of data; rental of application software; rental of computer software; rental of computer software for financial management; rental of operating software for accessing and using a cloud computing network; rental of software for data processing; software as a service [saas]; software as a service [saas] featuring software platforms for graphic design; software as a service [saas] featuring computer software platforms for artificial intelligence; temporary electronic storage of information and data; software as a service [saas]

services featuring software for machine learning, deep learning and deep neural networks; it consultancy, advisory and information services; artificial intelligence consultancy; advisory services relating to computer software; computer and information technology consultancy services; computer software consulting services; consultancy and information services in the field of information technology architecture and infrastructure; computer security consultancy; consultancy in the field of security software; information technology [it] consultancy; information technology [it] consulting services; professional consultancy relating to computer security; technical advice relating to operation of computers; technical consultancy relating to the application and use of computer software; technology consultation in the field of artificial intelligence; technological consultancy services for digital transformation; technical support services relating to computer software and applications; computer hardware development; design and development of computer hardware; it security, protection and restoration; monitoring of computer systems for security purposes; computer security services in the nature of administering digital certificates; provision of security services for computer networks, computer access and computerised transactions; monitoring of network systems; it certificate management; it services for data protection; rental of computer hardware and facilities; data security services; computer rental; leasing of computers; rental and lease of data processing equipment; digital compression of computer data; science and technology services; engineering services; engineering project management services; civil engineering; computer-aided engineering design services; mechanical engineering services; electrical engineering services; engineering design services; engineering consultancy services; engineering services related to diagnostics; rental of science and technology equipment; rental of laboratory apparatus and instruments; rental and lease of

measuring apparatus; rental and lease of scientific equipment; architectural and urban planning services; building design services; medical and pharmacological research services; medical research; scientific research and development; laboratory services; laboratory research, analysis and testing; construction drafting; advisory services relating to technological research; advisory services relating to energy efficiency; analysing of air in building environments; consultancy in the field of energy-saving; consultancy relating to technological services in the field of power and energy supply; computer aided industrial analysis services; control technology consulting services; design and development of energy distribution networks; development of energy and power management systems; development of industrial processes; development of new products; development of new technology for others; industrial analysis and research; product life cycle analysis for quality control purposes; professional consultancy relating to energy efficiency in buildings; technological consultancy in the field of sustainability; research and development for others; research in the field of energy; technical advice in connection with energy-saving measures; technical data analysis services; technical design; technical project management; technical project planning; technical project studies; technical research; information technology [IT] support services [troubleshooting of software]; computer software technical support services; technical support services concerning electrical products (Term considered too vague by the International Bureau pursuant to Rule 13 (2) (b) of the Regulations); technological advisory services; technical consultancy relating to product development; technological consultancy services; technological planning services; testing, authentication and quality control; advisory services relating to material testing; advisory services relating to product testing; analysis and evaluation of product design; analysis and evaluation of product

development; analysis and testing services relating to electrical engineering apparatus; certification [quality control]; component testing; computer aided diagnostic testing services; computer aided industrial testing; computer aided scientific testing; computer aided testing services; computer testing; conducting clinical trials; conducting industrial tests; design and testing for new product development; development of measuring and testing methods; engineering consultancy relating to testing; environmental testing and inspection services; evaluation of performance of data-processing against bench-mark references; industrial testing; inspection of apparatus; inspection of plant and machinery; material testing and analysing; process monitoring for quality assurance; product quality testing; quality assessment; quality control for others; quality testing of products for certification purposes; technical measuring and testing; technological monitoring and inspection; technical testing services; testing of apparatus; testing, analysis and evaluation of the goods and services of others for the purpose of certification; design services; constructing an internet platform for electronic commerce; database design and development; product research and development; design of mathematical models; interior design services; technological or scientific consultancy in the field of digital communication; technical consultancy and research for others in the areas of computer, data and network security; design and development of operating software for accessing and using a cloud computing network; minting of nfts; rental and leasing of computer hardware and computer software; rental and leasing of data communications equipment; rental and leasing of chemical engineering apparatus and instruments; monitoring and troubleshooting of electrical, electronic, information technology, medical engineering, precision engineering, optical and mechanical engineering products, equipment and devices, including remote monitoring and troubleshooting;

monitoring and troubleshooting of machines, generators, motors and engines, including remote monitoring and troubleshooting; monitoring and troubleshooting of apparatus, instruments and cables for electricity, including charging stations for vehicles, including remote monitoring and troubleshooting; monitoring and troubleshooting of measuring, detecting, monitoring and controlling devices, including remote monitoring and troubleshooting; monitoring and troubleshooting of safety, security, protection and signalling devices, including remote monitoring and troubleshooting; monitoring and troubleshooting of industrial plants and industrial facilities, including remote monitoring and troubleshooting; monitoring and troubleshooting of rail infrastructure and rail vehicles, including remote monitoring and troubleshooting; monitoring and troubleshooting of computer hardware and telecommunication apparatus, including remote monitoring and troubleshooting; monitoring and troubleshooting in the field of building technology and automation, including remote monitoring and troubleshooting; monitoring of medical devices and equipment as well as clinical facilities with the support of communication technology, in particular internet technology, including remote monitoring and troubleshooting; rental and lease of electrical sensors, motion sensors, timing sensors, impact sensor and optical sensors (Term considered too vague by the International Bureau pursuant to Rule 13 (2) (b) of the Regulations).~43 - Temporary accommodation; room hire services; provision of social event facilities and meeting facilities; providing conference and meeting rooms; providing facilities for fairs and exhibitions; provision of facilities for board meetings; temporary accommodation reservations; nurseries and day care centers; temporary accommodation information, advice and reservation services; accommodation booking agency services [time share]; accommodation letting agency services [time share]; provision of food and drink; food and drink

	catering; services for providing food and drink; rental and lease of food and beverage preparation machines and apparatus; rental and lease of of cooking equipment for food.
Trademark Description:	Petrol (RGB: 0,153,153, CMYK: 100/0/40/0, Pantone: 321 C, RAL Classic: 5018).
